Provided by Cadet Planning Officer, Development and Land Use

Executive Summary

Council has received a Development Application for a Material Change of Use for Self-Storage Units at 18 Marian Street, Mount Isa.

Officer's Recommendation

THAT Council APPROVE the Development Application for a Material Change of Use for Self-Storage Units (Warehouse) at 18 Marian Street, Mount Isa, described as Lot 68 on plan MPH13993, subject to the following Conditions of Approval:

NUMBER	CONDITION	TIMING
PLANNING		
General		
1.	The development shall be carried out generally in accordance with the approved plans and drawings attached to this approval except where conditions of this approval dictate otherwise. <i>For clarity, any change to the development that is not generally in accordance with the approved plans and drawings must be approved by Council pursuant to a 'change application' under Chapter 3, Part 5, Division 2, Subdivision 2 of the Planning Act 2016;</i>	<i>At all times</i>
2.	The owner/developer shall bear the cost of all alterations necessary to public utility mains, services or installations necessitated by this approval and such works shall be to Council specifications and satisfaction;	<i>At all times</i>
3.	The development is approved on the basis that the Self-Storage Units are used solely for the storage of domestic items and household effects. The Units shall not be used for the storage of commercial or industrial items, or in connection with any commercial or industrial operation;	<i>At all times</i>
Carparking		
4.	Provide a fourth carparking bay behind the proposed bay against the western wall of the building and suitably modify the existing gates to prevent the intrusion of the gates into this parking space. All gates shall open inwards onto the subject property and not outwards onto the road reserve/verge	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
5.	The number of vehicles on site at any one time is not to exceed the number of parking spaces provided. Suitable signage shall be installed at the entry of the site directing visitors to park within the marked bays and advising that parking in the driveway or manoeuvring areas is prohibited. The proposed loading area is to be used during loading and unloading operations only;	<i>At all times</i>
6.	The internal driveways and car parks are to be designed to comply with AS/NZS 2890.1 (Off-street Car Parking),	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
7.	All carparking shall be provided with a durable, dust-free surface, delineated and signed in accordance with the Manual of Uniform Traffic Control Devices and Austroads.	<i>Prior to the commencement of use and to be maintained for the life of the development</i>

8.	The owner/developer shall provide a signed and delineated on street parking bay for vehicles with trailers immediately in front of the proposed development on Marian Street. This bay shall be provided at the owner/developers cost and shall be maintained for the life of the development	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
Amenity		
9.	Refuse storage areas are to be surfaced with an impervious material and must be accessible by a hose-cock (tap) for washing down. All refuse bins and designated areas shall be kept in a clean and tidy condition	<i>At all times</i>
10.	All outdoor lighting shall comply with AS4282-1987 Control of the obtrusive effects of outdoor lighting and be designed in a way so as not to cause a nuisance to the surrounding properties and traffic	<i>At all times</i>
Landscaping		
11.	The landscaping strip to the front of the building is to be provided as shown on the approved Site Plan (Project No. 201000, Dwg. No. DA01, Dated: 1 December 2020) and is to be installed prior to the commencement of use. The landscaping shall consist of shrubs designed to soften the appearance of the existing building. The owner/developer shall adequately maintain the landscaping to Council's satisfaction to ensure it is neat and tidy at all times and not overgrown and/or unsightly	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
12.	An automatic water reticulation system is to be installed to all landscaping as per the approved Site Plan. The automatic water reticulation system must be maintained to all landscaping to promote and sustain healthy robust growth to Council satisfaction for the life of the development	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
ENVIRONMENTAL SERVICES		
13.	The operator must achieve the 'general environmental duty' to mitigate any environmental harm and/or nuisance described under the <i>Environmental Protection Act 1994</i> . (a) there is no discharge to land or water of contaminants that may harm the environment or create a nuisance from the operation of the activity (b) there is no discharge to air of contaminants that may harm the environment or create a nuisance from the operation of the activity (c) noise nuisance is prevented or minimised at noise sensitive places (d) waste production and disposal must be minimised and waste must be managed so it does not harm the environment or create a nuisance from the operation of the activity.	<i>At all times</i>
14.	Chemicals and other liquids such as fuels, solvents, oils, batteries and coolants must be kept within a secondary containment system that is impervious to the materials stored within it and must be managed to prevent the release of contaminants to waters or land.	<i>At all times</i>
15.	Construction/demolition waste – All waste generated because of the proposed development must be	<i>During Construction</i>

	effectively controlled and contained entirely within the boundaries of the site before disposal. All waste is to be disposed of in accordance with the Environmental Protection (Waste Management) Regulation 2000.	
16.	All work must be undertaken within the prescribed timeframe as mentioned in Environmental Protection Act 1994.	<i>During Construction</i>
COMPLIANCE WITH CONDITIONS		
17.	The owner/developer shall contact Council to arrange a compliance inspection of the development to assess compliance with the Assessment Manager's Conditions of Approval and the approved plans.	<i>Prior to the commencement of use</i>

OR

THAT Council REFUSE the Material Change of Use for Self-Storage Units (Warehouse) at 18 Marian Street, Mount Isa, described as Lot 68 on plan MPH13993, and provide the reasons for the refusal consistent with the requirements of s63(2)(f) of the *Planning Act 2016*.

LATE 8.2 – Civic Centre Remedial Works Update

Folder ID 4704

Provided by Director, Infrastructure Services

Executive Summary

Urgent remediation works to the Civic Centre were identified in March 2020 to ensure the safety of staff and the public. The Civic Centre was closed in early April 2020. Remedial projects were scoped, approved and budgeted in June 2020.

The first performance since the closure will occur on 1 April however due to a shortage of soffit lining and other commitments of the contractor, all works will not be complete until the end of April. The outstanding works are at the southern end of the building and the key impact will be a visual one. CCTV cabling has been run and security fencing will be minimised at the end of this week. Whilst the soffit was removed *several* minor roof leaks were identified and repaired. *Several* light fittings were damaged or not working and these are being fully replaced.

OFFICER'S REPORT

ITEM 7.1

TO The Mayor, Deputy Mayor and Councillors
OFFICER Cadet Planning Officer, Development and Land Use
AGENDA 10.03.2021 Council Ordinary Meeting
FOLDER ID #127029

SUBJECT P08-20 – Development Application for a Material Change of Use for Self-Storage Units
LOCATION 18 Marian Street, Mount Isa

EXECUTIVE SUMMARY

Council has received a Development Application for a Material Change of Use for Self-Storage Units at 18 Marian Street, Mount Isa.

OFFICER'S RECOMMENDATION

(a) **THAT** Council APPROVE the Development Application for a Material Change of Use for Self-Storage Units (Warehouse) at 18 Marian Street, Mount Isa, described as Lot 68 on plan MPH13993, subject to the following Conditions of Approval:

NUMBER	CONDITION	TIMING
PLANNING		
General		
1.	The development shall be carried out generally in accordance with the approved plans and drawings attached to this approval except where conditions of this approval dictate otherwise. <i>For clarity, any change to the development that is not generally in accordance with the approved plans and drawings must be approved by Council pursuant to a 'change application' under Chapter 3, Part 5, Division 2, Subdivision 2 of the Planning Act 2016;</i>	<i>At all times</i>
2.	The owner/developer shall bear the cost of all alterations necessary to public utility mains, services or installations necessitated by this approval and such works shall be to Council specifications and satisfaction;	<i>At all times</i>
3.	The development is approved on the basis that the Self-Storage Units are used solely for the storage of domestic items and household effects. The Units shall not be used for the storage of commercial or industrial items, or in connection with any commercial or industrial operation;	<i>At all times</i>
Carparking		
4.	Provide a fourth carparking bay behind the proposed bay against the western wall of the building and suitably modify the existing gates to prevent the intrusion of the gates into this parking space. All gates shall open inwards onto the subject property and not outwards onto the road reserve/verge	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
5.	The number of vehicles on site at any one time is not to exceed the number of parking spaces provided. Suitable signage shall be installed at the entry of the site directing visitors to park within the marked bays and advising that	<i>At all times</i>

OFFICER'S REPORT

	parking in the driveway or manoeuvring areas is prohibited. The proposed loading area is to be used during loading and unloading operations only;	
6.	The internal driveways and car parks are to be designed to comply with AS/NZS 2890.1 (Off-street Car Parking),	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
7.	All carparking shall be provided with a durable, dust-free surface, delineated and signed in accordance with the Manual of Uniform Traffic Control Devices and Austroads.	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
8.	The owner/developer shall provide a signed and delineated on street parking bay for vehicles with trailers immediately in front of the proposed development on Marian Street. This bay shall be provided at the owner/developers cost and shall be maintained for the life of the development	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
Amenity		
9.	Refuse storage areas are to be surfaced with an impervious material and must be accessible by a hose-cock (tap) for washing down. All refuse bins and designated areas shall be kept in a clean and tidy condition	<i>At all times</i>
10.	All outdoor lighting shall comply with AS4282-1987 Control of the obtrusive effects of outdoor lighting and be designed in a way so as not to cause a nuisance to the surrounding properties and traffic	<i>At all times</i>
Landscaping		
11.	The landscaping strip to the front of the building is to be provided as shown on the approved Site Plan (Project No. 201000, Dwg. No. DA01, Dated: 1 December 2020) and is to be installed prior to the commencement of use. The landscaping shall consist of shrubs designed to soften the appearance of the existing building. The owner/developer shall adequately maintain the landscaping to Council's satisfaction to ensure it is neat and tidy at all times and not overgrown and/or unsightly	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
12.	An automatic water reticulation system is to be installed to all landscaping as per the approved Site Plan. The automatic water reticulation system must be maintained to all landscaping to promote and sustain healthy robust growth to Council satisfaction for the life of the development	<i>Prior to the commencement of use and to be maintained for the life of the development</i>
ENVIRONMENTAL SERVICES		
13.	The operator must achieve the 'general environmental duty' to mitigate any environmental harm and/or nuisance described under the <i>Environmental Protection Act 1994</i> .	<i>At all times</i>

OFFICER'S REPORT

	<p>(a) there is no discharge to land or water of contaminants that may harm the environment or create a nuisance from the operation of the activity</p> <p>(b) there is no discharge to air of contaminants that may harm the environment or create a nuisance from the operation of the activity</p> <p>(c) noise nuisance is prevented or minimised at noise sensitive places</p> <p>(d) waste production and disposal must be minimised and waste must be managed so it does not harm the environment or create a nuisance from the operation of the activity.</p>	
14.	Chemicals and other liquids such as fuels, solvents, oils, batteries and coolants must be kept within a secondary containment system that is impervious to the materials stored within it and must be managed to prevent the release of contaminants to waters or land.	<i>At all times</i>
15.	Construction/demolition waste – All waste generated because of the proposed development must be effectively controlled and contained entirely within the boundaries of the site before disposal. All waste is to be disposed of in accordance with the Environmental Protection (Waste Management) Regulation 2000.	<i>During Construction</i>
16.	All work must be undertaken within the prescribed timeframe as mentioned in Environmental Protection Act 1994.	<i>During Construction</i>
COMPLIANCE WITH CONDITIONS		
17.	The owner/developer shall contact Council to arrange a compliance inspection of the development to assess compliance with the Assessment Manager's Conditions of Approval and the approved plans.	<i>Prior to the commencement of use</i>

OR

(b) **THAT** Council REFUSE the Material Change of Use for Self-Storage Units (Warehouse) at 18 Marian Street, Mount Isa, described as Lot 68 on plan MPH13993, and provide the reasons for the refusal consistent with the requirements of s63(2)(f) of the *Planning Act 2016*.

BUDGET AND RESOURCE IMPLICATIONS

Where the Assessment Manager (Council), does not decide the application within the period, or extended period, allowed under the development assessment rules, Council relinquish the ability to impose conditions for the development application. As a result, the Standard Conditions (provided by Department of State Development, Manufacturing, Infrastructure and Planning) for a deemed approval are imposed only.

Should the legislative timeframes not be met (a decision not be made), Council will not be legally able to impose any site specific conditions for the development application which could potentially be detrimental to Council and Community.

Matters for Consideration

- Development is unable to provide the required number of carparking spaces
- Development does not provide adequate parking for vehicles towing trailers

REPORT.

Proposal

On 6 November 2020, Council received a Development Application for a Material Change of Use for Self-Storage Units at 18 Marian Street, Mount Isa, described as Lot 68 on plan MPH13993.

The prospective purchaser is seeking to convert the existing office and storage space within the existing commercial building on site into eighteen (18) Self-Storage Units of varying sizes. Each unit will then be rented to private individuals for the storage of domestic items and household effects.

No external building work or additional structures are proposed as part of the development. Internal fitout will be minimal with the proposed layout largely dictated by the arrangement of the existing internal spaces. A loading bay is proposed in the centre of the building to permit unloading of vehicles, and to allow vehicles to turn around to ensure entry and exit to the site in a forward motion. Three (3) carparking spaces are proposed on site to service the proposed development.

The development proposes to enhance the appearance of the site from the street through the installation of a cantilever awning over the footpath, and the installation of garden beds in front of the existing building.

OFFICER'S REPORT

Site Details

The subject site has an area of 1,012m² and is zoned Mixed Use under the *City of Mount Isa Planning Scheme 2020*.

The site takes the form of a truncated rectangle in which the northern and southern boundaries are not parallel. The western boundary is approximately 8m shorter than the eastern boundary. The property has a road frontage to Marian Street along the southern boundary. The site adjoins an existing Veterinary Clinic to the west and Service Station to the east. Multiple Dwellings adjoin the property at the rear.

An existing commercial building of block construction occupies the eastern portion of the site. An 8.3m wide concrete driveway runs along the western boundary. A double carport is located in the north-west corner of the property, at the end of the driveway.

The site lies within Council's Priority Infrastructure Area and therefore has access to Council's services such as water, sewerage, stormwater and waste disposal. Formal vehicle entry to the site is obtained via the existing double vehicle crossover on Marian Street.

The site is generally flat. A Council sewer main, incorporating two (2) sewer manholes, traverses the western portion of the site, running approximately north-south under the existing driveway. Council's Flood Hazard Overlay Map 3 (OM-FH-03) in the Planning Scheme identifies the site as being above the 1 in 100 ARI flood level.

Planning Requirements

Under the *City of Mount Isa Planning Scheme 2020*, the proposed use of Self-Storage Units is best defined as a Warehouse use for the purposes of the Scheme. A Material Change of Use application for a Warehouse within the Mixed Use Zone is categorised as Impact Assessable Development. The proposal is required to achieve the requirements of the applicable Planning Scheme Codes.

As the proposed development is Impact Assessable, Council has the ability to assess the proposal against any Planning Scheme Code it considers appropriate. The following Planning Scheme Codes are considered to be the applicable Codes for this development:

- Centre and Entertainment Activities Code
- Parking, Access and Loading Code
- Engineering Works and Services Code
- Excavation and Filling Code
- Landscaping Code
- Airport Environs Overlay Code
- Major Infrastructure Overlay Code

The Development has been assessed by Council to evaluate the extent to which the proposal meets the requirements of the above Codes. A full assessment is provided below.

Internal Assessments

Land Use

Senior Land Use Officer, Mrs Donna Real, has assessed the development as satisfactory for approval.

Waste Management

Waste Management Team Leader, Mr Sam Wylie, has assessed the development as satisfactory for approval.

Local Laws

Specialist Local Laws Officer, Ms Lani Vincent, has assessed the development as satisfactory for approval.

OFFICER'S REPORT

Plumbing

Plumbing Inspector, Mr Greg Hovi, has assessed the development as satisfactory for approval.

Water and Sewerage

Water and Sewerage Project Officer, Mr Greg Hovi, has assessed the development as satisfactory for approval.

Environmental Health

Environmental Health Officer, Ms Jana Unternahrer, has assessed the development as satisfactory for approval, subject to conditions. These are been included in the table of conditions at the start of the report.

Public Notification

As the development falls under the category of Impact Assessable Development, Section 53(1)(a) and (4)(b)(iii) of the *Planning Act 2016* required the Development to be publicly notified for a period of 15 Business Days during which time the following actions were carried out:

- Written notification provided to neighbouring properties
- Advertisement of the proposed Development in a newspaper circulating locally in the region (Courier Mail)
- Public Notification signage erected on the street frontage of the subject site (Marian Street)

While the Applicant initially commenced public notification on 18 December 2020, a delay in the installation of the Public Notification Signage meant that they were required to restart the Notification Period. Signage was subsequently erected by Council in accordance with legislative requirements, and at the Applicant's cost. The development was notified from 13 January 2021 to 5 February 2021 during which time no submissions were received.

Fire Safety

The developer proposes to convert the office spaces within the existing building into self-storage units of various sizes. It is noted that retention of the existing spaces will result in an irregular internal layout for the storage facility. Council Planning Officers have sought confirmation from Council's engaged private building certifier regarding the fire safety requirements pertaining to the proposed layout.

Council's certifier has advised that the fire safety requirements pertaining to the proposal are not a matter for Council Planning Officers to assess and will require assessment by the developer's engaged private building certifier prior to the commencement of works. The certifier will assess the layout, proposed fire exits, and fire paths for compliance with the *National Construction Code* requirements in consultation with Queensland Fire and Emergency Services in order to determine a layout that satisfies the safety requirements of the Code.

Referral Agencies

As the development is proposed within 25m of a State-Controlled Road, Schedule 10 of the *Planning Regulation 2017* requires the Development to be referred to the Department of Transport and Main Roads (DTMR) for their assessment.

Queensland Treasury has responded in their role as the State Assessment and Referral Agency (SARA) with standard conditions to form part of the Approval.

Infrastructure Charges

Infrastructure charges will apply to the development in accordance with Council's *Infrastructure Charges Resolution No. 3* payable in accordance with the timeframes outlined in the *Planning Act 2016*.

OFFICER'S REPORT

CONCLUSION

On 6 November 2020, Council received a Development Application for a Material Change of Use for Self-Storage Units at 18 Marian Street, Mount Isa, described as Lot 68 on plan MPH13993.

The prospective purchaser is seeking to convert the existing office and storage space within the existing commercial building on site into eighteen (18) Self-Storage Units of varying sizes. Each unit will then be rented to private individuals for the storage of domestic items and household effects.

The development can generally achieve the requirements of the applicable Codes of the City of Mount Isa Planning Scheme 2020.

RECOMMENDATION

It is therefore recommended that Council approve the Development Application for a Material Change of Use for Self-Storage Units at 18 Marian Street subject to Conditions of Approval to ensure ongoing compliance with Planning Scheme requirements.

Officer's formal recommendation is on page 1 of this report including the recommended Conditions of Approval.

Should Council decide not to approve the application, a Statement of Reasons (consistent with planning requirements) as to why this decision was made is required.

OFFICER'S REPORT

Centre and Entertainment Activities Code

Assessment has determined that the development is wholly able to achieve the requirements of the Code. It is noted that no external building work is proposed to the site and that the use will be contained within the existing building which will be retained as part of the development. Building height, boundary setbacks and site coverage will be unchanged as a result of the development. It is considered that, given the low impact nature of the use, the proposed Self-Storage Units will pose less of an impact to adjoining properties than the former commercial office use, given there will be no smoke, light or dust emissions arising from the proposal, and a reduction in noise given the overall reduction in visitors to the site. The proposed landscaping treatment and enhancements to the building façade will ensure that, while not strictly a commercial use, the proposed development will address the street and remain consistent with the established commercial streetscape.

Parking, Access and Loading Code

Assessment has determined development is generally able to achieve the requirements of the code, except where outlined below.

Performance Criterion	Acceptable Outcome	Proposed Development	Council Assessment	Statement of Reasons
Table 9.4.6.1 – Parking, Access and Loading Code				
Assessment Benchmarks for Assessable Development and Requirements for Accepted Development				
PO4	AO4.1	<p>The development proposes to provide three (3) onsite carparking spaces. The Applicant submits that three spaces will be sufficient to meet the demand of the proposed use given that Self-Storage Units have a relatively low traffic generation.</p> <p>Additionally, the Applicant notes that, given traffic to the site will likely be infrequent, the proposed use is better suited to the site than other commercial uses given the carparking constraints provided by the existing building.</p>	<p>The Parking, Access and Loading Code prescribes a carparking rate of two (2) spaces, plus an additional space for every 100m² of gross floor area (GFA). Based on this rate, a total of eight (8) spaces would be required, resulting in a shortfall of five (5) spaces.</p> <p>It is noted that not all the GFA of the existing building will be utilized for Self-Storage Units. When proposed hallways and access ways are removed from the GFA calculation, the number of required carparks is reduced to five. Additionally, it is considered that a fourth carparking bay could be provided on the eastern side of the building, with suitable modifications made to the gate and front fence. As such, the shortfall could be further reduced to a single space. Given the limitations of the site it is assessed that this is an acceptable outcome. Additionally, there is the potential to use on street carparking immediately in front of</p>	<p>While unable to achieve the required number of carparking bays prescribed under Acceptable Outcome 4.1 of the Code, when considering the area of GFA actually used for self-storage space, and the potential to add a fourth parking space against the western side of the building the proposal has a shortfall of only one (1) space. Given the facility will likely only be visited infrequently and given the low probability of several units holders visiting at the same time, it is assessed that the shortfall of a single parking space is acceptable.</p>

OFFICER'S REPORT

Performance Criterion	Acceptable Outcome	Proposed Development	Council Assessment	Statement of Reasons
	A04.4	The development proposes maneuvering space for cars only, and not service vehicles or cars towing trailers.	<p>the facility for the parking of vehicles with trailers.</p> <p>The development makes no provision for service vehicles or vehicles towing trailers to enter and exit the site in a forward gear. While there should be no need for service vehicles to enter the site, it is considered that vehicles towing trailers may need to visit the site periodically. It is therefore recommended that a condition be included in the approval requiring the creation of an on-street trailer parking bay immediately in front of the facility to be provided at the owner / developer's cost.</p>	While the development makes no onsite maneuvering provision for services vehicles, or vehicles towing trailers, it is assessed that services vehicles should not need to visit the site. It is considered that parking for vehicles with trailers can be accommodated by requiring the provision of an on street parking bay immediately in front of the site.

Engineering Works and Services Code

Assessment has determined that the development is wholly able to achieve the requirements of the Code. The site is currently connected to Council's reticulated water, sewerage, stormwater and road network with no changes proposed to these existing arrangements as part of the proposed development.

Excavation and Filling Code

Assessment has determined that the development is wholly able to achieve the requirements of the Code. No excavation or filling works are proposed as part of the development.

Landscaping Code

Assessment has determined that the development is wholly able to achieve the requirements of the Code. The Applicant proposes the installation of a landscaping buffer in front of the existing building to lessen the visual bulk of the structure and ensure the development contributes to the existing commercial streetscape.

Airport Environs Overlay Code

Assessment has determined that the development is wholly able to achieve the requirements of the Code. No new external building works are proposed as part of the development, as such, the change of use will have no impact on Mount Isa Airport operations.

OFFICER'S REPORT

Major Infrastructure Overlay Code

Assessment has determined that the development is wholly able to achieve the requirements of the Code. The Department of Transport and Main Roads has assessed the proposal in their capacity as a Referral Agency for the Development Application. The Department has indicated that, provided the development is undertaken as per the plans provided, there will be no impact to the adjoining State Controlled Road.

ITEM 7.2

TO The Mayor, Deputy Mayor and Councillors
OFFICER Planning Officer, Development and Land Use
AGENDA 17.03.2021 Council Ordinary Meeting
FOLDER ID # 136870

SUBJECT Material Change of Use for Intensification of an Existing Church (two (2) external classrooms)
LOCATION 1 Blainey Street, described as Lot 19 on plan MPH35346

EXECUTIVE SUMMARY

Council has received a development application for the installation of two (2) external classrooms at an existing church situated at 1 Blainey Street. One (1) classroom is already located onsite and is in use, with the other being proposed to be built. These classrooms will be utilised for the church's youth Sunday school program.

OFFICER'S RECOMMENDATION

(a) **THAT** Council APPROVE the Development Application for a Material Change of Use for Intensification of an existing Church use (two (2) external classrooms) at 1 Blainey Street, Mount Isa, described as Lot 19 on plan MPH35346, subject to the following Conditions of Approval:

NUMBER	CONDITION	TIMING
PLANNING		
General		
1.	The development shall be carried out generally in accordance with the approved documents, plans and drawings attached to this approval except where conditions of this approval dictate otherwise <i>For clarity, any change to the development that is not generally in accordance with the approved plans and drawings must be approved by Council pursuant to a 'change application' under Chapter 3, Part 5, Division 2, Subdivision 2 of the Planning Act 2016</i>	<i>At all times</i>
2.	The owner/developer shall bear the cost of all alterations necessary to public utility mains, services or installations necessitated by this approval and such works shall be to Council specifications and satisfaction	<i>At all times</i>
3.	Any gates situated along the road boundary must open inwards onto the property and not outwards onto Council's road reserve/verge	<i>At all times</i>
Landscaping		
4.	The owner shall provide ongoing maintenance of the landscaping to ensure it is neat and tidy and not overgrown and/or unsightly	<i>At all times</i>
ENVIRONMENTAL SERVICES		
5.	The operator must achieve the 'general environmental duty' to mitigate any environmental harm and/or nuisance described under the <i>Environmental Protection Act 1994</i> . (b) **THAT** Council REFUSE the Development Application for a Material Change of Use for Intensification of an existing Church use (two (2) external classrooms) at 1 Blainey Street, Mount Isa, described as Lot 19 on plan MPH35346, and provide the reasons for the refusal consistent with the requirements of s63(2)(f) of the *Planning Act 2016*.

BUDGET AND RESOURCE IMPLICATIONS

Not applicable

BACKGROUND

In 2015 the church sought Council approval to allow a 'temporary' transportable classroom to be located on the premises in order to provide for the Church's youth programs. Council agreed to this subject to the structure being for a 'temporary' use only.

In 2020, the Church requested a second 'temporary' transportable classroom to be located onsite and whilst the first 'temporary' classroom was permitted under the existing Approval due to the Church advising it would be a short-term solution to their facility shortage, with the proposal for a second classroom, it was considered these classrooms are intensifying the Approved use of the site and therefore Council planning officers requested a further application be lodged for the additional classroom use to be obtained; hence, this application has now be lodged for Council approval.

OFFICER'S REPORT

As further detailed under Section 64, *Planning Act 2016* –

Where the Assessment Manager (Council), does not decide the application within the period, or extended period, allowed under the development assessment rules, Council relinquish the ability to impose conditions for the development application. As a result, the Standard Conditions (provided by Department of State Development, Manufacturing, Infrastructure and Planning) for a deemed approval are imposed only.

Should the legislative timeframes not be met (a decision not be made), Council will not be legally able to impose any site-specific conditions for the development application which could potentially be detrimental to Council and Community.

Matters for Consideration

- This application was approved to be assessed against the superseded planning scheme (City of Mount Isa Planning Scheme 2006(as amended 2015)).
- The applicant has expressed to Council that this will only be a temporary solution of providing rooms for youth Sunday school classes with a more permanent extension being installed in 2022/2023.

REPORT

Proposal

Council has received a Development Application for Material Change of Use for Intensification of an Existing Church Use - installation of two (2) external classrooms at 1 Blainey Street, Mount Isa, described as Lot 19 on plan MPH35346.

The classrooms will consist of two (2) raised transportable buildings (the existing structure being 73.2m² and the proposed structure being 36m²) separated into individual classrooms.

Currently the existing classroom has two (2) separate rooms, with the inclusion of the new classroom, there will be a total of five (5) individual classroom spaces. This will allow for age specific groups to discuss different topics during their Sunday school programs.

It is the intention of the Church to replace the two (2) transportable classrooms with a permanent extension to their existing building. Their intended timeframe is to complete the design in 2022 with construction in 2023. At this time, the Church will also be undertaking an upgrade to its existing landscaping.

Site History

Council records indicate that the existing Church obtained planning consent to operate a Church from the site on 4 February 1976. The site has not been used for any other purpose since this date.

Site Details

The subject site is situated at 1 Blainey Street, described as Lot 19 on plan MPH35346, with Blainey Street is located at the eastern end of Barton Street, in the suburb of Pioneer.

The subject site is currently occupied by a Church building, demountable classroom, small garden shed and a large internal carparking area. No council services are indicated to traverse the subject site.

The subject site is located in a Low-Density Residential zone. The subject site has a total area of 6,731m².

Surrounding developments include residential dwellings, a Council park to the north, and a State Government education precinct to the south.

OFFICER'S REPORT

Non-residential Development

Non-residential developments are required to be low impact and not considered to have a detrimental effect on surrounding residential properties. The Church has advised that their main operating hours are 9:00am to 12:00 noon on Sundays, with one day a week being used for night activities – 7:00pm to 8:30pm. They have also stated that the premise may also be used for administrative meetings during the week, but attendance is usually low.

Given that the Church is located at the end of a “no-through road” and is a reasonable distance from the closest residential property, it is believed that the additional external classrooms will not affect the amenity of the surrounding residential properties.

Parking

The proposed development is able to provide a total of 30 carpark spaces for the proposed use. The required carparking rate as per the City of Mount Isa Planning Scheme 2006 (as amended 2015) – Carparking and Access Code is 1 space per 10 seats or 1 space per 15m², whichever is greater:

Gross Floor Area	Required Carparking Spaces	Provided Carparking Spaces
328.5m ² Existing Church	21.9	30
109.2m ² (Proposed Classrooms)	7.28	
Total	29.0	30

Sufficient parks are able to be provided for this development.

As mentioned in the submitted planning report, the line marking has become faded, with aerial photography appearing to indicate that it was marked as a basketball court in the past. As part of this application, the Church has confirmed that the parking area will be resurfaced and linemarked with 30 spaces as per their submitted plans.

Existing Landscaping

The subject site is maintained to a satisfactory standard which includes large trees and large turfed areas. Council will only require that it is continued to be maintained to this same standard for the lifetime of the Church use.

OFFICER'S REPORT

Scenic Rim

Under the City of Mount Isa Planning Scheme 2006 (as amended 2015), 1 Blainey Street is located within the Scenic Rim Overlay Code. The purpose of the overlay is for the preservation of natural areas in the vicinity of the urban areas of Mount Isa, specifically the rugged hills to the east of Mount Isa. These hills are considered to provide a valuable scenic resource to the area.

The Church has retained or planted a number of trees onsite which are reaching maturity, which help to blend the urban structures into the natural landscape behind it.

Previously no urban structures have been proposed above the escarpment to the east of the main Church building nor is any proposed as part of this development application, with the applicant being previously required to install further vegetation to prevent erosion.

Existing vegetation at rear of site (true scenic rim)

The inclusion of this low impact non-residential use within the Scenic Rim is considered to be acceptable.

Internal Assessments

Land Use

Council's Land Use Coordinator has assessed the development as satisfactory for approval, subject to conditions. These are being included in the table of conditions at the start of the report.

Waste Management

Council's Waste Management Team Leader has assessed the development as satisfactory for approval.

Local Laws

Council's Local Laws Coordinator has assessed the development as satisfactory for approval.

Plumbing

Council's Acting Plumbing Inspector has assessed the development as satisfactory for approval.

OFFICER'S REPORT

Water and Sewerage

Council's Interim Water and Sewerage Manager has assessed the development as satisfactory for approval.

Environmental Health

Council's Environmental Services Officer has assessed the development as satisfactory for approval, subject to conditions. These have been included in the table of conditions at the start of the report.

Infrastructure Charges

This property is located in the Local Government Infrastructure Plan (LGIP) and Infrastructure Charges will be levied on this development if approved. Please refer to the total adopted charge below:

<i>Levied Charges</i>			
Infrastructure Network	Development Demand	Previous Lawful Use	Levied Charge
Water Supply	\$3,502	-\$2,628	\$874
Wastewater	\$2,189	-\$1,643	\$546
Stormwater	\$3,655	-\$3,655	\$0
Transport	\$10,505	-\$7,884	\$2,621
Parks	\$0	\$0	\$0
		<i>Previous Financial Contribution</i>	\$0
		Total Adopted Charge	\$4,040

When levying Infrastructure Charges against development applications, Council is required to apply credit for existing lawful developments, therefore the proposed development was given a credit of \$15,809.90 resulting in Council only levying a charge of \$4,040.00.

CONCLUSION

Council has received a Development Application for Material Change of Use for an Intensification of an Existing Church (two (2) external classrooms) at 1 Blainey Street, Mount Isa, described as Lot 19 on plan MPH35346. The intensification will consist of two (2) transportable buildings being located onsite to serve as external classrooms for Sunday youth school programs.

The proposed development is generally able to comply with all Acceptable Outcomes of the applicable codes of the City of Mount Isa Planning Scheme 2006 (as amended 2015).

The existing Church has been operating from the site since 1976 and is continued to be maintained to a satisfactory standard.

RECOMMENDATION

It is therefore recommended that Council approve the Development Application for a Material Change of Use for an Intensification of an Existing Church (two (2) external classrooms) at 1 Blainey Street, Mount Isa, described as Lot 19 on plan MPH35346.

Officer's formal recommendation is on page 1 of this report including the recommended Conditions of Approval.

Should Council decide not to approve the application, a Statement of Reasons (consistent with planning requirements) as to why this decision was made is required.

- Waste Management Facility – Transfer Station, Tip Shop and Inspection Station

Planning & Design is currently in progress for:

- Markham Valley Road medium beautification
- 2020 City Christmas Tree and decorations
- Pamela/Deighton/Isa Street Intersection Redevelopment
- Pamela/Trainor Street Intersection Redevelopment
- Family Fun Precinct Redevelopment Stage 2
- Smart Water Meters
- Materials Recovery Facility
- ArcGIS implementation
- Gallipoli Park Recreation Development Design & Construct

RFQ/RFTs recently out to market or being assessed/awarded:

- Family Fun Precinct Redevelopment Stage 2
 - Boundary fencing
- Gallipoli Park Recreational Development
 - Noise Assessment
- Shared Cycle Path
 - Concrete works

2 FUNDING

Progress is underway with stakeholders to determine project nominations for the \$1,161,816 of Local Roads and Community Infrastructure round 2 to be expended by December 2021. Once priority projects have been identified, they will be included in the 2021/2022 Capital Program.

Council is still waiting for outcome from the Department of Transport and Main Roads (Vulnerable Road User Program) to undertake a full investigation, engineering assessment and implementation of revised speed limits throughout the Mount Isa CBD area. Additionally, a new application has just been submitted under the Departments Principal Cycle Network Program for the 2021-22 financial year to construct stage 1 of Fourth Ave shared path. Refer to section 2.4 for further details.

A number of progress reports have been completed for this last quarterly period with risks identified in expenditure/progress to date and not meeting milestones. Project Managers are actively reviewing schedules with open communication with funding providers.

3 BUDGET

Please refer to 2.1 to 3.4 for the overall performance in the Engineering department. Please see also Corporate and Financial Services report.

4 TECHNICAL SERVICES

Technical Services continues to work towards implementation and continuous improvement of the Local Government Controlled Area framework, Project Management Framework, GIS and Asset Information Control processes and Funding coordination.

New project management resources are actively working to deliver a majority of Council's externally funded projects to ensure successful execution is completed within funding timeframes with resourcing still presenting to be an issue.

5 *RURAL AND URBAN – MOUNT ISA*

The Jet Patcher has been patching holes around town and at Gunpowder Road. Council is in the process of implementing changes to the operation and maintenance of the Jet Patcher to improve the environmental impact of the equipment. Changes in the stone we use in the Jet Patcher has removed a lot of the dust caused when patching the streets. Sweeping has continued for the months both in the CBD and around the city streets and collecting a lot of dirt and gravel from the recent rain.

Line marking has continued for the months of November and December with the crew still remarking streets around town also remarking the streets that have been resealed.

General maintenance and replacement of signage that have faded over time or have been vandalised continued for the month. A large new signage system on anti-dumping information has been erected around the outer areas of the city, which is considered to be a hotspot for illegal dumping. This has now been completed. School signage replaced around happy valley school and new line marking.

Waste Transfer Station signs targeted for clean-up. New bollards have been erected around bores near the waste area.

Duchess road creek crossings clean up and washouts filled in.

River crossings cleaned up and sand and gravel removed.

Causeway on lake Moondarra road cleaned up and sand and gravel removed.

Cleared blocked drainage systems around town.

Steam cleaning has commenced in Simpson street and will continue around town.

6 *RURAL AND URBAN - CAMOOWEAL*

Camooweal operations have continued as normal during the months of November/December with general maintenance being carried out around the town with the crew at work.

7 *CONCRETE BATCH PLANT*

Concrete production for the months of November and December remained quiet with a total of 172.6m³ produced for the two (2) months. A Batch plant operator tendered his resignation and finished the 1st week in January, advertising for a replacement has commenced. We have also brought in a new Material which will improve the speed of Batching, which will ensure a more consistent product and improve contamination issues.

8 *WORKSHOP*

For the months of November and December the workshop received a steady stream of equipment for regular maintenance and servicing. Whilst carrying out preventative maintenance the team has also been working with the Interim Director of Infrastructure Services about planning fleet replacement for 2021.

1.1 MOUNT ISA MEMORIAL CEMETERY

1.12 OUTBACK AT ISA MASTERPLAN

CURRENT STATUS:	Planning
START DATE:	August 2020
EST.COMPLETION DATE:	March 2021
FUNDING SOURCE:	Maturing the tourism infrastructure pipeline in North West Queensland
BUDGET:	\$125,000
EXPENDITURE TO DATE:	\$62,000
SCOPE:	Develop a Master Plan for Mount Isa's Outback at Isa facility, to support a sustainable future and enhance the economic viability and vibrancy. The report aims to effectively capitalise on opportunities to improve the visual and aesthetic qualities, amenity and attractiveness of the centre.
PROGRESS UPDATE:	Stafford Strategy have been awarded the contract, with the kick-off meeting held late October. Project is to be transferred to OPEX expenditure as part of half yearly capital review. Due to resources and delays, an extension of funding milestones has been requested proposing to give Council until March 2021 with acquittal due June 2021. Preliminary draft masterplan is being finalised for report back to Council and MICCOE.

1.13 TIP SHOP & WASTE TRANSFER STATION

CURRENT STATUS:	Detailed Design
START DATE:	April 2020
EST.COMPLETION DATE:	June 2021
FUNDING SOURCE:	Works 4 Qld Rd 3 - \$695,076.03 MICC - \$77,421
BUDGET:	Detailed Design: \$77,421 Construction: \$695,076.03
EXPENDITURE TO DATE:	DD: \$68,316.03 Spent: \$62,316.03 (\$16,886.03-PPM; \$45,430.00-Cardno) Committed: \$5800.00 Con: NIL
SCOPE:	Design and construction of new Waste Transfer Station (WTS)
PROGRESS UPDATE:	Detailed design has been 98% complete with minor additions to be added as a variation. The tender for construction works closes on Fri 5 th march with expected construction to start within 2-3 weeks. Cost estimation was carried out by PM Aaron and Cardno with costs of around \$1 – 1.13 million. These figures indicate that the Waste Transfer Station will not be able to be built under the funding. This will require a variation to the funding body and additional funding from Council to complete the project.

1.14 SEWER MAIN REPLACEMENT PROGRAM

CURRENT STATUS:	Procurement stage
START DATE:	Dec 2020
EST.COMPLETION DATE:	June 2020
FUNDING SOURCE:	Council \$850,000.00
BUDGET:	\$850,000.00
EXPENDITURE TO DATE:	\$7,000.00

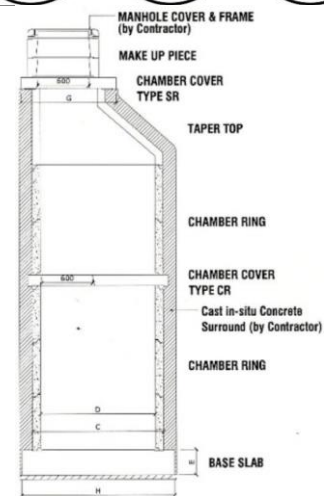

SCOPE: This project will replace or upgrade the municipality's sewer mains network. The aging assets need to be maintained to ensure reliable serviceability now and in the future. The mains were laid from the 1950's and some are now at the end of their service life, this project will mitigate any potential risks of failure.

PROGRESS UPDATE: Scope has been identified, RFQ being reviewed to go to Market.

1.15 SEWER MAHOLES REPLACEMENT PROGRAM

CURRENT STATUS:	Procurement stage

8.1 ACTIVITY SUMMARY

The new year in the Workshop department brought with it an increased load of maintenance of fleet resulting in increased foot traffic in the workshop. This increase in visitors gave the workshop an opportunity to consider some of the safety aspects surrounding the shed and improvements that can be made on visitor safety. New signage was ordered instructing visitors on safe areas for non-personnel. Retractable belts were also ordered and installed to prevent visitors from entering areas where works are being conducted.

- The team are focused on optimising output for servicing vehicles by updating records efficiently.
- Heavy vehicle inspections were due and this required the effort of the entire team and provided our apprentices with valuable experience.
- To keep in line with the workshops efficiency theme, movement of equipment has been made allowing for easier access to repair and service fleet.

The Workshop continue to regularly service and maintain council fleet. The most notable repairs for the months of January and February are the change out of the diesel fuel injection pump on a light vehicle council fleet and re-fit the timing chain and timed engine. Overhaul injectors and injection system.

Technical issues such as changing over a flex plate have provided our apprentices with valuable experience as this required the removal of gear box and re-installation. Joining our 3rd year apprentice is a 1st year that was hired in the month of February.

Maintaining a healthy an environment in the workshop included ensuring proper ventilation for the area while working with substances that offput fumes. The roller doors to the workshop were a main focus the past couple of months as this is vital in ensuring work is able to be done. Without ventilation the workshop would cease operations, maintenance of the roller door was conducted to ensure smooth operation of the servicing of council fleet.

The workshop Electronics Technician is continuing to improve technology used in the council fleet and maintaining pandemic signboards throughout the town and ensuring communication pathways for council vehicles remain open and operational.

OFFICER'S REPORT

ITEM 8.2

TO The Mayor, Deputy Mayor and Councillors
OFFICER Interim Director, Infrastructure Services
AGENDA 17.03.2021 Council Ordinary Meeting
FOLDER ID 4704

SUBJECT Civic Centre Remedial Works Update
LOCATION Civic Centre

EXECUTIVE SUMMARY

Urgent remediation works to the Civic Centre were identified in March 2020 to ensure the safety of staff and the public. The Civic Centre was closed in early April 2020. Remedial projects were scoped, approved and budgeted in June 2020.

The first performance since the closure will occur on 1 April however due to a shortage of soffit lining and other commitments of the contractor, all works will not be complete until the end of April. The outstanding works are at the southern end of the building and the key impact will be a visual one. CCTV cabling has been run and security fencing will be minimised at the end of this week. Whilst the soffit was removed several minor roof leaks were identified and repaired. Several light fittings were damaged or not working and these are being fully replaced.

OFFICER'S RECOMMENDATION

THAT Council receive and note the Civic Centre Remedial Works update.

Or

THAT Council does not receive and note the Civic Centre Remedial Works update.

BUDGET AND RESOURCE IMPLICATIONS

There is an approved 2020/2021 Capital Works Budget of \$700k for this program of work. There is low risk of exceeding budget or timeframe. All works except for the toilet refurbishment have now been contracted.

BACKGROUND

Investigations in March 2020 identified significant safety and maintenance issues with the Civic Centre including:

- External soffit collapsed in areas & high risk of the remainder collapsing.
- Non-compliance of fire services.
- Internal operable walls in disrepair and at risk of collapsing.
- Auditorium floorboards broken and unsafe.
- External shade sails deteriorated and collapsing.
- External entrance copper doors deteriorated and inoperable.
- Toilets in disrepair and requiring upgrading of hardware fittings.

The building was approved to be closed by the then Chief Executive Officer in early April 2020 due to safety risks and a capital works project was approved for the 2020-2021 year.

There were significant delays caused by finding soffit materials that met Heritage requirements. Initial attempts to engage the market as a single bundle of works resulted in a poor pricing outcome. On 8 September 2020, Council was briefed on progress and on 14 October 2020, a report was put to Council and resolved a procurement process that ensured value for money was achieved. This resulted in Council procuring the soffit materials direct from the supplier and issuing separate works contracts for the various trade components.

OFFICER'S REPORT

An update on works in progress is as follows:

Copper Doors	Completed on 15.12.2020
Electrical Fire Compliance	Completed on 23.12.2020
Fire Detection	Completed on 15.12.2020

LINK TO CORPORATE PLAN

People and Community – To establish safe and healthy communities with a strong sense of identity which supports the people and groups who work, live, play and visit here.

Services and Infrastructure – To establish innovative and efficient infrastructure networks that services the local communities and industries.

CONSULTATION (Internal and External)

Extensive consultation has taken place between Executive Management, Council's procurement team, MICCOE as well as internal and external contractors.

LEGAL CONSIDERATIONS

All contractors agreements have clauses outlining deadline requirements and liquidated damages of \$500 per day, should these deadlines not be met.

POLICY IMPLICATIONS

There are no policy implications with this remedial works.

RISK IMPLICATIONS

There was Health and Safety risks to the public which were identified, therefore, the building has been closed to the public.

HUMAN RIGHTS CONSIDERATIONS

Consideration has been given to all human rights relevant as per Council's Human Rights Policy.

LIBRARY

MONTHLY REPORT

February 2021

ITEM 10.1

EXECUTIVE SUMMARY

- Community Consultation has concluded for the Library Master Plan, and there was a presentation to adult and junior winners of the incentive prizes.
- The library staff is now complete, with 2 permanent library assistants appointed, 3 casuals added and a trainee.
- Library Lover's Week has been popular, with patrons taking part in competitions and video interviews.
- Computer usage has increased, as more computers are now available with the easing of Covid-19 regulations.

Library Master Plan – Community Consultation

The interactive community consultation survey overseen by Place Design Group for the Library Master plan has now ended, with 130 completed surveys. This will provide valuable feedback on how the public would like Mount Isa City Library to be in the future. An incentive prize had been offered and a random number generator was used to choose the winner.

The winner was Louisa Stalling.

Children in Mount Isa were also given the opportunity to enter a library design competition. Mayor Danielle Slade and Councillor Peta MacRae, together with Paul Sekava and Scott Moore of Fulton Trotter Architects judged the entries. There were 75 entries in total.

The winning child was Charlie Cahoon, aged 7.

The prizes were presented to the winners at the Council meeting on 24 February 2021.

Staffing

The library has welcomed new staff in February. Two vacant library assistant roles have been filled by Svitlana Cernoia and Niumai Ali. Our casual pool has been augmented by the addition of Chaleese Boullanger, Tyeena Pang and Nualnong Wongtongkam. We would also like to welcome a new trainee, Barbara Martyr, to the library team.

Library Lover's Week

Every February, libraries across Australia celebrate Library Lover's Day on 14 February. As the day fell on a Sunday this year, we chose to extend the celebration to a week. Activities included Blind Date with a Book, Why I love my Library tree, and a Library Lover's Quiz. Video interviews were taken with patrons talking about why they liked the library, and prizes were given to 3 lucky winners of the quiz.

ITEM 10.2

Tourism & Events Portfolio

Events & Promotions:

Due to COVID-19 Restrictions, Council events have been delayed/cancelled.

100 YEARS CELEBRATIONS

- **100 Years Celebrations 2023**

Expressions of Interest for the Advisory Committee are now closed, applications have been reviewed and members are being finalised by the Committee Chair. Group was formed to work with PEAK services to apply for Building Better Regions funding due March 5 has been extended 12 March.

NON-COUNCIL EVENTS PARTICIPATION

- **RSL Events – ANZAC Day 25 April**

The details of this Annual Event are to be advised, hopefully by this date the Civic Centre Foyer and toilets will be able to be accessed by those attending. Qld Government has sent advice on COVID Safe Requirements, meeting with RSL Representatives to finalised arrangements so promotion can begin.

SPORT & RECREATION:

Move It NQ:

Move It NQ is a program designed to assist the community to get out and get active with the provision of free activities, funded by the North Queensland Sports Foundation.

The Aqua Aerobics has been extremely popular during February, with 438 participants attending during the month.

The Aqua Aerobics will continue through March with a possibility of extending into April, pending Miss Julies schedule and consumer demand.

Tai Chi, the second activity under the Move It NQ program had its first full month and will continue through March and April.

Currently, Council is waiting on approval from NQSF to commence Community Crossfit as the 3rd activity in the program.

2021 Sign On Expo:

The 2021 Sign On Expo was very successful with 1048 people attending the event over the 4 hour period. The event boasted 66 site holders down slightly from the previous year. The LifeFlight helicopter returned again this year, along with addition of an Army Vehicles and boat.

TOURISM STRATEGY:

Strategic Priority One: Getting the Foundations Right

- Local Tourism Organisation Transition Group: Funding for 2021/22 budget has been put forward, awaiting approval.

Strategic Priority Two: Make it Easy

- Arrival Signage on way to City Centre: \$114K has been awarded to MICC to commence signage proposal. Billboards were completed in February 2021.

Strategic Priority Three: Meet Mount Isa

- Tharrapatha Way, City Art signage and the Lookout signage projects have all had work commence in the last 4 weeks.

Strategic Priority Four: Stay One More Night

- Create Eco Glamping Accommodation Product at Lake Moondarra: Lake Moondarra glamping working group and feasibility group are yet to be finalised for an update on project area, topographical information etc.
- Itineraries, experiences and connections: Joined the project committee for Motorsports Complex.
- Develop Mount Isa trails network: Bird Watching Project is in it's next stage with Marc Miller taking over the project and working with consultants on the sites and installation of signs.

ITEM 11.1

EXECUTIVE SUMMARY

This month the department has focused resources on Capital Works Projects where possible. Water main replacement continued in Soldiers Hill and saw the water main on Tarakan Street and stage 1 of Gallipoli Park replaced, totalling 420 metres of water mains.

Renewal of road crossing water services has been undertaken on Tarakan Street. Additional crossings have been replaced on Sunset Drive, the intersection of Urquhart Street and Oxide Street and also Webb Street.

The Valve replacement program resumed and valves on Wewak Street, Rabaul Street and Finschafen Street were replaced in Soldiers Hill. A 375mm valve on the trunk water main located on Barkly Highway was also replaced. The department identified an area of faulty valves failing to isolate in the Townview area and planned a water shutdown on a Saturday to replace seven (7) valves. The shutdown area expanded on the date of execution and we appreciate the Public's understanding and cooperation. The replacement of these valves will mean smaller areas of Townview can be isolated in the event of emergent works.

MOUNT ISA OPERATIONS

1.1 Water and Sewer Vandalism

No reports of vandalism to water and sewer infrastructure have been reported.

1.2 Water Meter Readings and Repairs

The water meter reading schedule for all residential and non-residential water meters was completed in January 2021. The next schedule of reading will commence in March, for non-residential and Council owned properties.

1.3 Flushing Mains

The department received two (2) water quality service requests in February. One of these reports followed a water main shutdown and crews promptly flushed the main again as a precaution.

1.4 Hydrant Markings

A hydrant audit received from QFES is currently being investigated by the team.

1.5 Mains and Services

During February, there were a total of four (4) water main breaks in the system, all of which occurred in Soldiers Hill. Breaks in the water mains are caused by weaknesses in ageing infrastructure and often require emergency water shutdowns to conduct urgent repairs. This evidence reinforces the necessary replacement of water mains in this suburb. There was a total of nine (9) separate instances of unplanned water main interruptions to repair water main breaks, sluice valves and ferrules.

1.6 Reservoirs

Reservoir 3A, Reservoir 2 and Reservoir 6 have fully operational, automated dosing systems installed however, manual dosing at Reservoir 3 and Reservoir 5 has and will continue until an appropriate automatic dosing system is fitted to all Reservoirs. Reservoir 1 and Reservoir 4 are currently offline. A report by GHD has identified required works to remediate. Tenders for these works are being prepared with Council staff qualified to inspect work engaged for this purpose.

1.7 Trade Waste / Backflow Prevention

Annual testing of Council's backflow prevention devices was undertaken internally in September.

1.8 Sluice Valve Servicing

Replacement of known faulty sluice valves through the Capital Works budget has been prioritised

over testing of valves. This operational budget may also be repurposed to conduct replacements of valves that have already been identified as faulty through unsuccessful isolations during water main works.

1.9 Pump Stations

Pump Station maintenance has continued in February in line with interdepartmental Pump Stations meetings. There were no reportable Pump Station overflows in February.

At Pump Station 1, Pump No.2 has been serviced externally and reinstalled. During which, Pump No.1 was removed for inspection by an external contractor. The faulty overflow pump at Pump Station 8 in the dry well has been replaced.

The Water and Sewer Team Leader has begun investigating options for pump station wet well cleaning, as a form of preventative maintenance to remove build up of fat, grit and rags.

The electrical contractor has conducted the six-monthly inspections at all Pump Station's switchboards, lighting, UPS' and battery life and Water and Sewer are currently reviewing the report findings.

We are awaiting materials for the backup pump to be installed at the overflow tank at Pump Station 2, delivery is expected in March.

1.10 Sewer Mains

There were two (2) Council sewer main blockages reported in February and no reported sewer main breaks in the infrastructure. Sewer blockages are often attributed to a build up of fat and rags, and due to the increased frequency of blockages in certain areas, a contractor has been engaged to conduct sewer mains cleaning on Dora Street and Abel Smith Parade using a specialist combination vacuum truck.

1.11 Treatment Plant

Routine operations have continued as usual. An external contractor has replaced the faulty bearings on the Primary Clarifier drive and support wheels. An electrical contractor has been engaged to conduct electrical maintenance of the switchboards and the Uninterruptable Power Supplies (UPS) and batteries at the Treatment Plant.

1.12 Effluent Irrigation

The department continues to receive reports of low water pressure at the Horse Paddocks.

Discussions have begun regarding use of the actuator valves across the whole effluent system to alter the watering times into smaller groups, to better distribute water pressure. An inspection of the actuator valves was conducted internally, and the remote operations tested. The original supplier of the actuator telemetry system, WISA, have been engaged to conduct a thorough onsite investigation and rectification plan, the proposed date of execution will be in March.

CAMOOWEAL OPERATIONS

2.1 Pumping

In late January, the Bore 1 pump failed and was removed for inspection and a new bore pump motor was ordered. The Team conducted the reinstallation of the Bore 1 pump in early February to resume dual pumping from Bore 1 and Bore 2.

2.2 Mains and Services

The Water and Sewer Team conducted a road crossing service renewal on Cronin Street.

2.3 Reservoirs

New poly water tanks were installed in September, to replace the existing leaking header tanks.

2.4 Water Meter Install

No water meters have required replacement in February.

2.5 Water Meter Reading

All Water Meters in Camooweal were read in January as part of the Water Meter Reading Schedule.

2.6 Sewerage

No sewerage issues have been reported in February.

BORE WATER STATISTICS - CAMOOWEAL

February 2021

ITEM 11.2

EXECUTIVE SUMMARY

Waste management operations were mostly executed to schedule in February with some delays due to waste collection services due to minor vehicle breakdowns.

Recycling options for waste product stockpiles in the Resource Recovery continue to be explored by the Waste Management Team Leader. Green waste compaction yielded promising results as the current stockpile has been arranged into clean windrows and steel baling is complete yielding a recovered tonnage of 187.10T

The Department of Environment and Science (DES) completed an inspection of the facility on 8 February 2021 to investigate potential Resource Recovery Area / Landfill border non-compliance reported by the Waste Management Section and Environmental Services in September of 2020. This inspection resulted in a positive response with a list of recommendations with opportunities for further improvement.

Workplace Health and Safety Queensland also conducted an inspection in February to investigate potential WMF procedural non-compliances. This inspection also resulted in a positive response with a list of recommendations with opportunities for further improvement.

The Team Leader Waste Management attended the Local Government Association of Queensland Waste Forum in February to ascertain further funding streams to assist in potential future waste service modernisation projects and inform on the position and progress of the Mount Isa City Council Waste Management Service (Fig.1).

Fig.1

MOUNT ISA OPERATIONS

1.1 Waste Management Facility Operations

Fig. 2

Fig. 3

DES officers conducted an inspection of the Mount Isa Waste Management Facility (Fig. 2) to observe potential Resource Recovery Area and Landfill border inconsistencies which were flagged and reported in September 2020. The officers were satisfied with amendments and border reinforcements implemented by the Waste Management Operations team (Fig. 1). Further consultation between DES, Environmental Services and Waste Management will continue to ensure complete Waste Reduction and Recycling Regulatory compliance.

1.2 Domestic Garbage Collection

Domestic waste collection services were executed to schedule though February, However, were affected by minor vehicle breakdowns.

1.3 Commercial Garbage Collection

Commercial waste collection services were executed to schedule through February.

1.4 Bulk Garbage Collection

Bulk waste collection services were executed to schedule though January.

1.5 Sanitation Depot Maintenance

The Waste Management Facility (WMF) vehicle wash pad underwent internal maintenance to clear blockages. This occurred in coordination with the Water and Sewer department (Fig.2). This budget was also utilised to restock miscellaneous cleaning products in February

Fig. 4

RECYCLING OPERATIONS

2.1 Recycling

A local metal recycler has been steel baling and shipping from the WMF through January and February. This process is complete with a baled material tonnage of 187.10T

The green waste material has commenced being transported to large flat area at the spot height of the WMF to be placed in windrows to continue further processing of the product for use as landfill rehabilitation material.

Fig. 5

CAMOOWEAL OPERATIONS

3.1 Domestic Garbage Collection

Camooweal domestic waste collection services were executed to schedule though February.

3.2 Refuse Tip

Camooweal residents, having been reported using the Camooweal Council Depot as a refuse tip once the six allocated 3m³ Bulk bins are full, have reduced this activity through January. Alternative waste transfer solutions continue to be investigated by the Waste Management Team Leader. Hook-bin waste transfer station facilities are being explored as the most likely solution.

1. EXECUTIVE SUMMARY

The Environmental Services (ES) department delivered the following services in February 2021:

1. Responded to two (2) service requests in relation to public health concerns, nine (9) applications for new food businesses, nine (9) service requests for environmental complaints/enquiries and four (4) requests in relation to littering and illegal dumping.
2. Conducted inspections of eight (8) food premises and issued reports to businesses outlining any non-compliances observed during inspections and advice on corrective actions required.
3. The first Food Safety Supervisors Course for 2021 was held by the ES Coordinator. All local food businesses were invited to attend, and 15 attendees participated.
4. Undertook monthly ground water monitoring at Council's landfill site.
5. Undertook landfill gas monitoring at Council's landfill site.
6. An anonymous complaint led to an ES Officer's investigation regarding Asbestos dumping.

In summary:

2 Public Health concerns were responded

1 Asbestos concern was investigated

2 Littering and illegal dumping cases were investigated

Inspected 8 fixed food premises

Undertook monthly landfill groundwater monitoring

Held the first Food Safety Supervisors Course of 2021

Undertook monthly landfill gas monitoring

2. Environmental Services Monthly Summary - January 2021

The ES team responded to customer service requests and investigated complaints received in relation to various issues as described in the table below.

3. Environmental Services assistance within Council

3.1 Property Searches and Environmental Advice

The ES department assessed 27 property search requests for health licences/registrations and environmental conditions.

4. Health Inspections/Administration

Budget – Expenditure is currently at 61%

Table 2 outlines an overview of the registered businesses for each category in Mount Isa and the number of inspections conducted.

5. Food Safety/ Administration

Budget – Expenditure is currently 58%

6.1 Food Safety Assessment

The ES department had commenced the second round of routine food safety assessment of all licenced fixed food premises for the financial year 2020-2021. Unfortunately, the inspections could not be completed due to the sudden leave of the Environmental Health Officer. The EHO will complete the remaining inspections by the end of the financial year 2021. The inspections were undertaken in accordance with the *Food Act 2006* and Australia New Zealand Food Standards Code. All the businesses inspected were given their inspection reports outlining the non-compliances that existed and were advised on corrective actions required by the businesses to comply with the conditions of their licence. None of the food businesses were issued Improvement Notices and were all in sound order with minimal comments required.

Figure 1. Cartons containing food items are stored directly on the ground

6.2 Food Safety Program

The ES Coordinator hosted a Food Safety Supervisors Course on 22/02/2021 which is aimed at ensuring local food businesses have multiple opportunities to obtain their 'I'm Alert – Food Safety Supervisor' certification. This certificate is a requirement of all Food Businesses and as such Council emailed all local food businesses and invited them to have a representative attend. A total of 15 attendees were present on the day, all of whom passed the course.

6.3 Food Business Applications

The ES department responded to two (3) enquires on starting a new food business. One (1) of the enquiries was in relation to setting a home-based business, one (1) regarding adding delivery as a service their existing business could offer and the other one (1) was in relation to starting a new mobile food business (food truck) . All the customers were advised of the licencing requirement and process which includes, assessing the application forms, pre-inspection of the premises and final inspection of the premises before issuing licence. The ES departments also received five (5) applications for Temporary Food Stall Licences. All five (5) licenses were issued in accordance with Council and Food Safety policies and practices.

7. Personal Appearance Services (PAS)

Budget – Expenditure is currently at 85%

7.1 Administration – PAS

The ES department continues to monitor and curtail illegal operation of businesses providing PAS to minimise the risk of infection that may result from the provision of such services to the public, and in accordance with *the Public Health (Infection Control for Personal Appearance Services) Act 2003* (the Act).

7.2 Higher Risk – PAS

The ES department received one (1) new application in relation to the opening of a new Higher Risk PAS Businesses, a tattoo parlour. The application is still ongoing, and the ES departments are following all required processing protocols to ensure the proposed business can operate with the safety and well being of its patrons as a priority.

CLEANING AND SANITISING

According to the Food Standards Code, you must ensure eating and drinking utensils, and the food contact surfaces of equipment are in a clean and sanitary condition. It is important to understand that cleaning and sanitising are different procedures.

Source: Google

Clean means 'clean to the touch', that is, free from any food waste, dirt and grease. Cleaning is the removal of these particles so that the utensil or food contact surface looks clean, feels clean and is free of odours. This is usually achieved using water and detergent. Microorganisms will be removed but the cleaning process is not designed to destroy microorganisms.

Figure 2. Food Safety Newsletter – Edition 5 distributed to business via email

8. Environmental Protection

Budget – Expenditure is currently at 67%

8.1 Environmental Protection Cases

Fourteen (14) environmental cases were investigated and closed. These included three (3) prescribed water contaminant cases, two (2) dust nuisance cases, two (2) businesses suspected of causing environmental harm, two (2) requests for vegetation clearing, one (1) noise nuisance, one (1) enquiry regarding soil testing, one (1) enquiry regarding water leakage, one (1) release of effluent water and one (1) enquiry regarding signage.

8.2 Environmental Evaluation

Monthly groundwater monitoring was undertaken at the 15 bores located in and around the Landfill site. All records were updated and sent through to the consultants; they will use this information to prepare the next progress report due in March.

9. Public Health

9.1 Public Health Concerns

The ES department closed four (4) public health requests in relation to: two (2) water quality/contaminants and two (2) illegal dumping cases. All the cases were attended/investigated, and update was provided to the requester.

9.2 Asbestos

The ES department received one (1) anonymous enquiry in relation to Asbestos. The complainant wrote an anonymous letter to Council advising a local business recently demolished a building containing asbestos and dumped the contaminated dirt onto Council land. The case is still being investigated by the ES Officer.

10. ES Project Updates

10.1 Environmental Charge

Six (6) Environmental Charge projects are currently underway. These projects are strategic environmental management initiatives which are funded by the environmental charge. Projects included under the environmental charge are the Little Red Flying Fox Alternative Roost site, Free Plants Day, Compost Bins, Infiltration Basin, Community Waste Education and Council Facilities Aspects and Impacts Register.

10.2 Little Red Flying-Fox Alternative Roost

The ES department has engaged a contractor to undertake activities related to irrigation design for the proposed alternative roost site. The activities include, a survey of the existing site, a detailed hydraulic design with plans and specifications, and a GPS set-out for different heads/valves and mainline functions. The contractor was onsite during the second week of February 2021 to carry out the above-mentioned works. Based on the survey levels on the site-visit, a document containing detailed plan is being designed by the consultant. The ES department have received a delivery of trees, fertiliser, and potting mix for the alternative roost site. Soil sampling has also been conducted to determine the health of the soil which will determine the types of additives the soil will need. Previous fencing at the site has been removed. Unsealed roads at the site have also been created. The ES department selected suitable tree species for the roost site and has engaged a contractor to supply these. Planting holes will be dug by earth moving contractors and the trees will be planted at intervals of 20m next month.

Figure 4. Environmental Officer collecting soil samples for analysis at the Alternative Roost Site.

10.3 Free Plants Day

The purpose of this project is to improve backyards to help 'green' Mount Isa, while also encouraging the use of Indigenous and water-wise species. The ES department has been working with the Promotions and Development team to determine the best way to promote free plants day. An online survey is being developed, as well as a hardcopy survey being available with Customer Services, which will be used to determine residents interest and the number and type of plants required. The online survey will be advertised online on the Council website and Facebook, while flyers will also be placed around town.

10.4 Compost Bins

This project is focused on reducing waste and will include the design and construction of four (4) large composting bins. A suitable site has been identified and requests for quotes have been sent out.

10.5 Infiltration Basin

This project is focused on waterways pollution prevention. This project will include the design and construction of an infiltration basin to manage stormwater run-off, prevent flooding and improve water quality. A potential site has been identified and requests for quotes have been sent out.

10.6 Community Waste Education

The ES department has identified the signage on the new dump trucks as an opportunity for community waste education. The ES department will work with Promotions and Development team to develop approximately five (5) different designs with waste education messages. These designs will then be submitted to Council for approval. The two (2) new dump trucks, which will be received by the Waste Management team around September, will have the chosen design printed and placed onto them.

10.7 Council Facilities Aspects and Impacts Register

An internal Environmental Audit was conducted last year on Council facilities including the Landfill, Sewage Treatment Plant, Pump Stations 1, 4 and 18, Concrete Batch Plant and Motor Vehicle Workshop. This Aspects and Impacts Register Project will be a continuation of the Environmental Audit Project. The actions and recommendations that were identified in the Environmental Audit will continue to be implemented at the various sites and a consultant will be engaged to complete an Environmental Aspects and Impacts register for the same sites. A scope of works for the aspects and impacts register has been drafted and request for quotes will be sent at the beginning of next month.

10.8 Landfill Gas Monitoring

Council is looking at developing a Gas Management Plan to improve the present Landfill Gas Monitoring Program. We are planning on engaging with consultants to review the Council's present gas monitoring procedure which includes finding appropriate site locations where sub-surface bores can be installed. MICC also requires consultants to develop a landfill gas management plan that includes regular monitoring and set out a detailed procedure for operation, maintenance, and monitoring of the landfill site. RFQ was prepared for the present requirements and sent out to various consultants. Based on the responses received from various consultants, an evaluation was carried out and the assessment was sent to procurement to finalise the consultant for this project.

11. Waste Reduction and Recycling

11.1 Illegal Dumping Investigations

ES department attended two (2) cases of illegal dumping and littering. One (1) as mentioned above was an investigation of Asbestos contaminated dirt on Council land. The second involved dumping of green waste on a nature strip. The alleged vehicle has been searched in the Department of Main Roads registry and the case investigation is ongoing.

Figure 5. Green waste on a nature strip of a local residence.

12. Biosecurity

12.1 Noxious Weed Control

The Rural Land Officer (RLO) continued regular spraying, in particular Thorn Apple, Leucaena and Castor Oil Bushes in the Leichhardt River near the Davis crossing. There are a lot of areas that currently cannot be sprayed as they are too wet and cause bogging.

Attended Camooweal with the Vector Control Officer and combined efforts to treat long weeds and grass at Waste Treatment Ponds for both noxious weeds and vector hazards.

Figure 6. Young Leucaena sprayed near Davis Crossing.

12.2 Stock Route Management

Received two (2) quotes for EOI works to be done on the 79 Mile Stock Route Water Facility. Application made to the Capital Works Program for 20-21 to fund the works.

Attended training with the Department of Natural Resources, Mining and Energy on upgrading Council records and integrating use of the Stock Route Management System.

12.3 NWQROC Biosecurity Plan

Submitted an Officers Report to Council to obtain funding in order to participate in the North West Queensland Regional Organisation of Council's proposed Biosecurity Plan for 2021-2022. The NWQROC have proposed that the 9 councils of which it is comprised; participate in a new Biosecurity Plan spanning North West Queensland to ensure legislative requirements are being met by all participants and to attract more State and Federal Funding/Grants. The plan would include the formation of a Regional Biosecurity Plan Development Team (RBPDT) which would engage with each council's Invasive species/Biosecurity Plan to ensure that relevant elements of each plan are retained whilst conserving the individuality of each Shire where needed

12.4 Vector Control

Attended 62 site inspections in Mount Isa and 12 site inspections in Camooweal for routine Vector Control spraying and treated a total number of 42 sites using a variety of control methods.

Received two (2) quotes to have multiple sites cleared by third party contractors in order to treat as access to these sites are currently obstructed.

Investigated three (3) enquiries/complaints from the public regarding pest infestations. One (1) was for two (2) large flying ant colonies on a public nature strip. The remaining two (2) were in relation to mosquito activities and requested further treatment to specified sites.

13. Objectives for March 2021

The ES department proposes to undertake the following activities in February 2021:

- Monthly, Quarterly, and Extended Parameter sampling to be conducted at the Landfill.
- Promote free plant day and determine plant type and availability.
- Receive and evaluate submissions for Compost Bins Project.
- Receive and evaluate submissions for Infiltration Basin Project.
- Develop concepts for five (5) waste education dump truck designs.
- Receive and evaluate submissions for Aspects and Impacts Register project.
- Attend internal procurement training.
- Receive soil test results and procure necessary materials for planting of trees at the Little Red Flying-Fox Alternative Roost Site.
- Install irrigation line and planting of trees at Little Red Flying-Fox Alternative Roost Site.
- Amend Landfill Environmentally Relevant Authority (ERA) to include ERA 54 – mechanical waste reprocessing.
- Conduct a project initiation meeting and hold a site-induction for the landfill gas bores project.
- Continued vector control treatments in Mount Isa and Camooweal.
- Continued invasive pest spraying over both Mount Isa and Camooweal.
- Participate and encourage community participation for Clean Up Australia Day.
- Initiate procurement process for Council staff influenza and Covid19 vaccinations.

14. Operational Budget Performance

Percentage of expenditure benchmark for budget performance evaluation this report is: 68% through the Financial Year.

1. EXECUTIVE SUMMARY

The Local Laws Department delivered the following services in February 2021:

1. Rehomed 23 animals: 12 dogs and 11 cats.
2. Implanted 44 microchips in cats and dogs.
3. Investigated 4 alleged dog attacks.
4. Attended 5 afterhours aggressive dog reports.
5. Engaged in a new monthly education initiative.

3.1 Pet Education

As part of the Local Laws Pet Education Initiative Local Laws Rangers visited Mount Isa Dog Parks during the month of February and met with local dog owners.

Discussions ranged from Parvo prevention through to the requirements for all dogs to be microchipped and registered with Mount Isa City Council.

Some of owners have requested that funds from their dog registration should be used to provide more shade at the off-lead parks.

Special thanks was given to Parks and Gardens for keeping the off-leash parks tidy during the rainy period.

A reminder that all dogs must be always on a leash when in public places, except in designated off-leash areas.

Mount Isa has two dog off-leash areas; Edna Medley Park located on Sunset Drive in Sunset and Norm Smith Park, located on Transmission Street in Mornington.

ITEM 11.5

TO The Mayor, Deputy Mayor and Councillors
OFFICER Interim Manager, Compliance and Regulatory Services
AGENDA 17.03.2021 Ordinary Council Meeting
FOLDER ID #8293

SUBJECT CopperString Project Environmental Impact Statement submission
LOCATION Not Applicable

EXECUTIVE SUMMARY

The Mount Isa City Council is supportive of the CopperString Environmental Impact Statement electricity line project but needed to investigate both the use of a temporary workforce and any potential environmental impacts.

OFFICER'S RECOMMENDATION

THAT Council endorse the CopperString Environmental Impact Statement submission ensures that all strategies to mitigate environmental impacts are followed as outlined in the Environmental Impact Statement.

Or

THAT Council does not endorse a submission to the CopperString Environmental Impact Statement of the CopperString electricity line project which will adversely affect the region's electricity supply capabilities.

BUDGET AND RESOURCE IMPLICATIONS

There are no budgetary constraints from the submission

BACKGROUND

Based upon the assessment of the CopperString's Environmental Impact Statement management strategies to mitigate and manage the potential impacts, Mount Isa City Council assessed the report of the potential environmental impacts. These are thoroughly addressed, and Council has no recommendations based upon the Environmental Impact Statement and fully endorses the project.

LINK TO CORPORATE PLAN

The submission is in line with Council's strategic vision of a prosperous and supportive economy.

CONSULTATION (Internal and External)

Internal consultation occurred with the Environmental Services, Biosecurity and the Land Use & Development Officers. Council representatives attended a presentation from CopperString outlining the Environmental Impact Statement management strategies. Similar workshops were also delivered to other stakeholders in the region.

LEGAL CONSIDERATIONS

The implementation of the plan will need to take into consideration the requirements of the following:

- *Environmental Protection Act 1994 (Qld)*
- *Environmental Protection Regulation 1998*
- *Biosecurity Act 2014*
- *Nature Conservations Act 1992*
- *Vegetation Management Act 1999*
- *Environmental Protection and Biodiversity Act 1999*

OFFICER'S REPORT

POLICY IMPLICATIONS

There are no policy implications arising from the Environmental Impact Statement submission.

RISK IMPLICATIONS

All identified environmental impacts are thoroughly addressed in the Environmental Impact Statement and appropriate management strategies to mitigate any potential impacts are well established.

HUMAN RIGHTS CONSIDERATIONS

Due consideration has been given to all human rights relevant as per Council's Human Rights Policy and no implications would occur.

CopperString Project Submission

Report Prepared by
Environmental Services and
Development Land use & Departments

Introduction

Mount Isa City Council is supportive of the CopperString Environmental Impact Statement electricity line project but would like more information regarding the temporary workforce. Based upon the assessment of CopperString's Environmental Impact Statement the management strategies to mitigate and manage the potential impacts are thoroughly addressed and Mount Isa City Council has no recommendations based upon the Environmental Impact Statement.

Infrastructure Designation

The Environmental Impact Statement references the Copperstring 2.0 project may be given / or is proposing to apply for an Infrastructure Designation (ID) as per Schedule 5 of the *Planning Regulations 2017* in which the development will be nominated Exempt Development with the requirement to obtain development approvals within the various local government areas not being required.

However, if this does not occur the developer may be required to lodge a development application for any of the following:

- Material Change of Use for Major Electricity Infrastructure
- Material Change of Use for Non-Residential Workforce Accommodation (if for more than 6 months or exceeds 5000sqm in area)
- Material Change of Use for Laydown Areas
- Operational Work for Earthworks where the level of the land is changing more than 1m or involves the cumulative excavation or filling exceeding 50 cubic metres.

Scenic Amenity Overlay

Mapping from the Environmental Impact Assessment indicates that CopperString infrastructure will traverse through a scenic amenity area east of Mount Isa.

Special consideration should be given the Scenic Amenity Overlay Code of the City of Mount Isa Planning Scheme 2020 when installing infrastructure within this nominated Scenic Overlay.

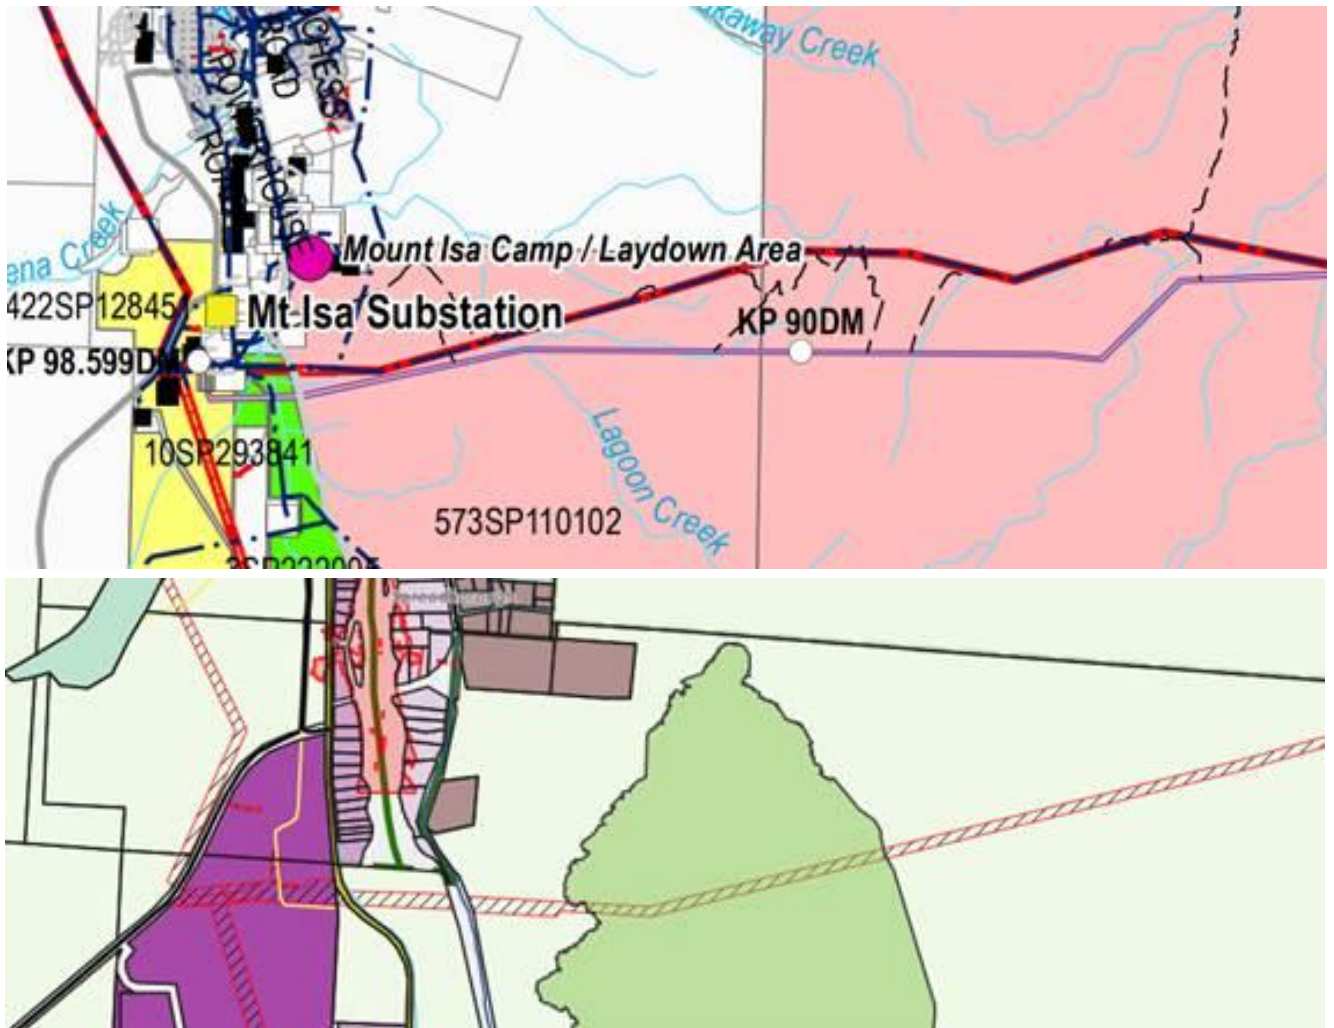

Figure 1: City of Mount Isa Planning Scheme 2020

Future Use of the Non-Residential Workforce Accommodation

Council would like more detail surrounding the proposed Non-Residential Workforce Accommodation in relation to the proposed location, size of workforce accommodation, proposed amenities to be provided, connection to services, and whether the awarded Contractor intends for the workforce accommodation to remain in the location at the end of the project. Whilst Council is supportive of the project, Council would like more detail regarding this facility and the intended future use to ensure any continued ongoing use past the project end date does not unreasonably impact on the amenity and character of the area and any lasting economic and/or social impacts on the City as a whole.

Table 1- Environmental Impacts Table:

Conclusion

In conclusion, Mount Isa City Council supports the CopperString Environmental Impact Statement electricity line project. The Environmental aspects of the project were assessed based on the activities that will be undertaken for the project. The proposed mitigation and management measures were then assessed based on their potential effectiveness. The Development and Land use aspects of the project were assessed based on whether any potential development approvals are required and whether the development passes through any overlays.

OFFICER'S REPORT

ITEM 11.6

TO The Mayor, Deputy Mayor and Councillors
OFFICER Interim Manager, Water and Sewer
AGENDA 17.03.2021 Council Ordinary Meeting
FOLDER ID #21901

SUBJECT Supply and Install PAX Mixers and chlorination units to Reservoirs 1,2,4 and 5
LOCATION Reservoirs 1,2,4 and 5 at various locations around Mount Isa

EXECUTIVE SUMMARY

Mount Isa City Council invited tenders for the supply and install of reservoir mixers and chlorination dosing to four reservoirs. The PAX mixer is a proprietary brand of mixer. The tender was released on 14 December 2020 and closed on 15 January 2021. An evaluation process has been undertaken and Council now wish to award a contract to proceed with part of the works. The proposed award is for the reservoir mixing only. The supply and install of the chlorine dosing units should be held over until a decision is made regarding the pipework configuration at each reservoir.

OFFICER'S RECOMMENDATION

THAT Council award a contract for the Supply and Install PAX Mixers and chlorination units RFT/2020-11 IS to Grenof Pty Ltd, for the sum on \$184,500, excl. GST.

Or

THAT Council does not award a contract for the Supply and Install PAX Mixers and chlorination units RFT/2020-11 IS to Grenof Pty Ltd, for the sum on \$184,500, excl. GST.

BUDGET AND RESOURCE IMPLICATIONS

The works are to be funded as depicted in the table below:

TOTAL	COUNCIL	STATE	YTD ACTUAL SPEND
500,000	500,000	Nil	214,080

There is \$285,920 left in the budget to complete these works in the 2020/21 Financial Year.

BACKGROUND

Grenof completed a comprehensive review of the Mount Isa water system in April 2020. A number of recommendations were made, including the installation of suitable reservoir mixers and chlorine dosing units at each reservoir. The recently received audit report from the Queensland Water Supply Regulator specifically lists the implementation of the Grenof recommendations as one of the actions that Council must implement.

TENDER EVALUATION

There were two submissions received, as follows:

Tenderer	Amount (excl. GST)
Grenof Pty Ltd	\$460,100
WEARS Australia	\$577,000

OFFICER'S REPORT

An evaluation of the tenders concluded that Grenof's offering provided the best value for money to Council.

As discussed at a recent Council workshop, the Mount Isa reservoirs 'float on the system'. That is, there is a single inlet/outlet for each reservoir. As the reservoirs are refilled as soon as they drop to 80% of full supply level, this results in much of the water in each reservoir moving up and down in the reservoir, but potentially never actually leaving it. This allows chlorine to dissipate in the reservoir and for disinfection by-products to form.

The installation of reservoir mixers is an essential element in addressing this. The mixers will allow the entire contents of the reservoir to be mixed and stay mixed, so the water quality in each is consistent.

As a component of the overall tender, the cost of the Grenof offer for mixer installation is \$184,500, excl. GST. This component fits within the remaining budget. By contrast the WEARS offering was for \$255,000, excl. GST.

The installation of chlorine dosing units is also required to address existing deficiencies with disinfection within the reticulation system. Rather than simply dose each reservoir there is an opportunity to uncouple the pipework so that the reservoirs no longer float on the system and a single dosing station can be configured to chlorinate each group of reservoirs, greatly simplifying future operations.

LINK TO CORPORATE PLAN

The work referred to in this report supports Priority 3.1 "Ensure well maintained and reliable infrastructure networks" – Services and Infrastructure of the Corporate Plan.

CONSULTATION (Internal and External)

Internal consultation was held with the Project Manager, and the A/Director – Engineering.

LEGAL CONSIDERATIONS

Local Government is charged with the responsibility to provide effective services as per the Local Government Act 2009 – Local Government Principles – Sustainable development and management of assets and infrastructure, and delivery of effective services.

POLICY IMPLICATIONS

Council's procurement policies have been adhered to throughout this tendering process. The recommendation supports Council's Water Quality Policy and the implementation of Council's Drinking Water Quality Management Plan.

RISK IMPLICATIONS

This project addresses a high risk in that the reservoirs supply drinking water to Mount Isa and great difficulty is being experienced in achieving a consistent residual chlorine level.

HUMAN RIGHTS CONSIDERATIONS

The recommendation supports Council's Human Rights Policy, through the provision of sustainable and safe drinking water.

OFFICER'S REPORT

ITEM 11.7

TO The Mayor, Deputy Mayor and Councillors
OFFICER Interim Manager, Water and Sewer
AGENDA 17.03.2021 Council Ordinary Meeting
FOLDER ID # 21901

SUBJECT MICC Reservoir 4 Roof Replacement and Reseal
LOCATION Reservoir 4, Pamela Street, Townview

EXECUTIVE SUMMARY

Mount Isa City Council invited tenders for removal of the existing roof structure, repair to the tank lining and replacement of the reservoir roof. The tender was released on 23 January 2021 and closed on 23 February 2021. An evaluation process has been undertaken and Council now wish to defer the work due to a lack of funding. The allocated budget for Reservoir 4 can be better utilised in completing the works at Reservoir 1.

OFFICER'S RECOMMENDATION

THAT Council does not award the MICC Reservoir 4 -Roof Replacement and Reseal Tender No. RFT/2021-02 IS and that the strategy for repairing the reservoir be reviewed and an alternate strategy proposed for consideration in the 2021/22 financial year.

And

THAT Council reallocates funds to Reservoir 1 project.

Or

THAT Council award the MICC Reservoir 4 -Roof Replacement and Reseal Tender No. RFT/2021-02 IS.

BUDGET AND RESOURCE IMPLICATIONS

The works are to be funded as depicted in the table below:

TOTAL	COUNCIL	STATE	ACTUAL SPEND
\$350,000	0	\$350,000	\$52,050

The State funding is under the Works For Queensland program and have been allocated for reservoir refurbishment in general. The funds are not tied specifically to Reservoir 4.

BACKGROUND

Previous condition assessments have noted the need for replacement of the roof of Reservoir 4. The reservoir is currently offline and has been for nearly twelve months. The need to address the condition of Council's reservoirs has also been noted in the Queensland Water Supply Regulator's audit report, received by Council on 5 March 2021.

TENDER EVALUATION

There were five submissions received, as follows:

OFFICER'S REPORT

Tenderer	Amount (excl. GST)
Duratech Limited	\$1,187,660
Queensland Industrial Cladding	\$1,367,250
Queensland Maintenance and Painting Services	\$1,573,027
Kay Associates	\$1,598,000
HCCM Pty Ltd	\$3,484,277

None of the tenders have been evaluated, as all are well outside the budget. As a consequence, the works cannot be completed within the current budget and will need to be held over. The scope of the project will also need to be reviewed on the basis of the tenders received.

It is proposed to utilise the funds set aside for refurbishment of Reservoir 4 to complete the works on Reservoir 1 (see separate report). Reservoir 4 roof replacement has a budget of \$350,000.

Based on similar projects in Queensland the original budget was not sufficient.

LINK TO CORPORATE PLAN

The work referred to in this report supports Priority 3.1 "Ensure well maintained and reliable infrastructure networks" – Services and Infrastructure of the Corporate Plan.

CONSULTATION (Internal and External)

Internal consultation was held with the Project Manager, and the A/Director – Engineering.

LEGAL CONSIDERATIONS

Local Government is charged with the responsibility to provide effective services as per the Local Government Act 2009 – Local Government Principles – Sustainable development and management of assets and infrastructure, and delivery of effective services.

POLICY IMPLICATIONS

Council's procurement policies have been adhered to throughout this tendering process. The recommendation supports Council's Water Quality Policy and the implementation of Council's Drinking Water Quality Management Plan.

RISK IMPLICATIONS

This project addresses a high risk in that reservoir 4 is integral in supplying drinking water to Mount Isa.

HUMAN RIGHTS CONSIDERATIONS

The recommendation supports Council's Human Rights Policy, through the provision of sustainable and safe drinking water.

SUBJECT MICC Reservoir 1 Repair and Reseal
LOCATION Reservoir 1, Sutton Street, Menzies

EXECUTIVE SUMMARY

Mount Isa City Council invited tenders for repair of cracks within the reservoir, refurbishment of internal steelwork and repair of the existing reservoir roof. The tender was released on 23 January 2021 and closed on 23 February 2021. An evaluation process has been undertaken and we now wish to award a contract to proceed.

OFFICER'S RECOMMENDATION

THAT Council award the MICC Reservoir 1 Repair and Reseal RFT 2021-01 to Queensland Maintenance and Painting Services for the amount of \$499,999 excl. GST with approval to negotiate any relevant variations within the project's approved budget.

Or

THAT Council do not award the MICC Reservoir 1 Repair and Reseal RFT 2021-01 to Queensland Maintenance and Painting Services for the amount of \$499,999 excl. GST with approval to negotiate any relevant variations within the project's approved budget.

BUDGET AND RESOURCE IMPLICATIONS

The works are to be funded as depicted in the table below:

TOTAL	COUNCIL	STATE	ACTUAL SPEND
\$550,000	\$200,000	\$350,000	\$0

BACKGROUND

Previous condition assessments have noted the need for refurbishment of reservoir 1. The reservoir is currently offline and has been for over twelve months. The need to address the condition of Council's reservoirs has also been noted in the Queensland Water Supply Regulator's audit report, received by Council on 5 March 2021.

TENDER EVALUATION

There were three submissions received, as follows:

Tenderer	Amount (excl. GST)
Queensland Maintenance and Painting Services	499,999
Duratech Limited	512,308
Kay Associates	1,088,000

Kay Associates tender was not evaluated, as it is well outside both the budget and the range of the other tenders.

OFFICER'S REPORT

The evaluation process determined that the tender of Queensland Maintenance and Painting Services provided the best value for Council. Queensland Maintenance and Painting Services have undertaken a number of similar projects for Townsville City Council, Charters Towers Council and private enterprises.

Council has a total budget provision of \$200,000 for the project, none of which has been expended. This is \$300,000 short of the lowest tenderer.

It is proposed to utilise the funds set aside for refurbishment of reservoir 4. Reservoir 4 refurbishment has a budget of \$350,000, funded from Works for Queensland. \$46,552 has been spent and a further \$5,497 has been committed, leaving a balance of \$297,951. This project would then be deferred until the 2021/22 Financial Year.

Tenders for Reservoir 4 refurbishment ranged from 1,187,660 to 3,484,278 excl. GST. As a consequence, the refurbishment cannot be completed within the current budget and will need to be held over. The scope of the project will also need to be reviewed on the basis of the tenders received.

SUBJECT Construction of Transfer Station (RFT/2021-04 IS)
LOCATION Jessop Drive, Mount Isa

EXECUTIVE SUMMARY

Mount Isa City Council invited tenders (RFT/2021-04 IS–Waste Transfer Station) for the supply and construction of a waste transfer station. The tender was released on 9 February 2021 and closed on 5 March 2021. An evaluation process has been undertaken and Council now wishes to award the contract and proceed.

OFFICER'S RECOMMENDATION

THAT Council in compliance with the *Environmental Protection Act 1994, Waste Reduction and Recycling Act 2011*, Chapter 1 Section 4 of the *Local Government Act 2009* and the Local Government Principles, awards the contract for the construction of the waste transfer station to A. Gabrielli Constructions Pty Ltd in accordance with the tender submission of \$1,099,277 (GST excl)

OR

THAT Council does not award the contract for the construction of a new waste transfer station.

BUDGET AND RESOURCE IMPLICATIONS

The works are to be funded as depicted in the table below:

TOTAL	COUNCIL	STATE
\$1,2100,076	\$515,000	\$695,076

Council has a budget provision of \$695,076 for the project through the Works for Queensland funding. An additional \$515,000 of funding from the capital works program has been included in the budget. The total funding available for the project is \$1,210,076.

Council has the option of not proceeding with the project. Alternate options for expending the State component of the Works for Queensland funding would need to be determined noting the funding needs to be expended by the 30 June 2021.

BACKGROUND

As part of the redevelopment of the Mount Isa Landfill facility a new transfer station has been scheduled to be built. The purpose of the project is to provide a new transfer station to cater for larger vehicles and integrate services on the site. The new transfer station will minimise the number of vehicles accessing the tip face. The existing transfer station has limited turning space to receive the larger commercial vehicles which utilise the facility. The existing transfer station also lacks the capacity to receive loads from tipper-type vehicles requiring them to dispose directly to landfill, thereby losing the potential for resource recovery and reducing the efficiency of landfill operations.

OFFICER'S REPORT

With the proposed transfer station being located after the weighbridge, it will ensure that a higher volume of (both commercial and domestic) waste goes through the transfer station. This in turn provides greater opportunities for resource recovery and waste diversion, hence avoiding the landfill levy.

The new transfer station is designed to accommodate the majority of trucks associated with the transport of waste materials. It is envisaged that the new transfer station will capture more accurate data and maximise resource recovery and material diversion from landfill. It is likely that the existing transfer station will become the tip shop.

The design costs for the transfer station have been funded separately by Council.

The tender (RFT/2021-04 IS –Waste Transfer Station) was advertised, released on 9 February 2021 and closed on 5 March 2021.

There were four (4) submissions received:

A. Gabrielli Construction Pty Ltd (AGC)	-	\$ 1,209,205 (GST Incl)
NF Corbett Pty Ltd	-	\$ 1,334,960 (GST Incl)
Novar Group Pty Ltd	-	\$ 1,302,962 (GST Incl)
Durack Civil Pty Ltd	-	\$ 1,379,701 (GST Incl)

The evaluation panel reviewed the submissions based on the following criteria.

Criteria	Weighting (%)
Compliance with requirements of the Request for Quotations	10%
Interpretation of Scope	25%
Value for Money	25%
Qualifications & Experience	20%
Available Resources	15%
Local Business & Industry	5%
TOTAL	100%

Based on the submissions put forward the evaluation Panel determined that the contract should be awarded to Gabrielli Construction Pty Ltd. Gabrielli Construction Pty Ltd has an office in Townsville, Queensland and has previously undertaken similar works. Gabrielli Construction has 50 years of operation and has delivered building projects ranging from major commercial offices, residential developments, warehouses and shopping centres to carparks and airport runways. Gabrielli Construction undertakes commercial and industrial construction work in North Queensland and surrounding areas.

OFFICER'S REPORT

ITEM 11.10

TO The Mayor, Deputy Mayor and Councillors
OFFICER Interim Director Executive Services
AGENDA 17.03.2021 Ordinary Council Meeting
FOLDER ID TBA

SUBJECT Materials Recovery Facility (MRF)
LOCATION Jessop Drive Mount Isa

EXECUTIVE SUMMARY

Council's consideration is required regarding the planning and development of the Materials Recovery Facility (MRF).

OFFICER'S RECOMMENDATION

THAT Council commence the detailed design of the Materials Recovery Facility (MRF) under the following conditions:

- As part of the design, consider the option for incorporating the sorting of construction, demolition, commercial and industrial waste
- Undertake consultation with the Mount Isa community regarding the introduction of a kerbside recycling (yellow top) bin collected once a fortnight in conjunction with the introduction of a weekly single garbage collection service
- Include as part of consultation process options for residents wishing to have additional garbage collection services.

OR

THAT Council does not commence the detailed design of the Materials Recovery Facility (MRF).

BUDGET AND RESOURCE IMPLICATIONS

The works are to be funded as depicted in the table below.

TOTAL \$	COUNCIL	FEDERAL
\$8,440,000	\$2,380,000	\$6,060,000

BACKGROUND

Council has received funding of \$6.06M from the Federal Governments Building Better Regions Fund (BBRF) for the development of a Materials Recovery Facility (MRF) for the sorting and recycling of household waste. This funding must be matched by at least \$2.02M by Council as a minimum contribution.

The key activities required to be undertaken by the Council in developing the waste recycling facility include as outlined in the grant conditions include:

- Development of infrastructure to process household waste, including,
 - Construction of access roads and car park adjacent to the MRF area.
 - Construction of a laydown area and covered storage for the storage of processed material.
 - Construction of a purpose-built facility to house the MRF and provide office and staff amenities.
 - Installation of MRF equipment that includes a multi material recycling system, product balers, glass crushing and weighing equipment.

OFFICER'S REPORT

Both the Federal and State Governments have adopted policy positions regarding recycling and waste minimisation in recent times and have put in place a range of measures to implement these policies.

Federal Government Policy

- Recover 80% of waste by 2030
- Export ban on glass (1 January 2021)
- Export ban on mixed plastics (1 July 2021)
- Export specs for cardboard/paper (1 July 2024)

State Government Policy

- Recycling targets for household waste – 50% by 2025
- Introduction of a Waste Disposal Levy
- Transition to circular economy

The following waste streams received at the landfill are relevant to the MRF,

- Domestic Waste Collection - 8,000 tonnes
- Construction and Demolition - 1,300 tonnes
- Commercial and Industrial - 7,500 tonnes
- Municipal Solid Waste - 3,943.84 tonnes
(Domestic Customers and Transfer Station to Land fill)

Under the Queensland Government's Waste Management and Recovery Strategy, on 1 July 2019 a waste disposal levy (waste levy) was introduced for municipal solid waste (MSW), commercial and industrial (C&I) and construction and demolition (C&D) waste in order to reduce waste to landfill and encourage resource recovery.

The State Government committed to ensuring the waste levy has no direct impact on residential households between 2019 to 2022, by subsidising local governments in the levy zone with an annual advanced payment to offset the costs of the waste levy. A future risk for Council is that from 1 July 2022, the waste levy is applied to all domestic waste with no refund likely if this were to occur. In this scenario Council would be responsible for collecting the waste levy for all domestic waste (kerbside and self-haul) and remitting the funds to the State Government, rather than continuing to receive the advance payment from the State Government. Council would need to fund the waste levy payment to the State either through general rates or apply the levy to the waste utility charge for kerbside collections and to landfill gate fees for self-haul waste delivered to the landfill.

The waste levy is currently \$80/tonne, increasing to \$85/tonne from 1 July 2021 and it is proposed to increase by \$5.0/tonne on 1 July each year. Waste that is recyclable and diverted from landfill does not attract a levy. Based on this, the introduction of a MRF in 2022, Mount Isa City Council could potentially divert approximately 1,881 tonnes (estimated recycling composition in 2022) of waste from the landfill. As the levy does not apply to recyclables, this would result in a waste levy cost avoidance (or saving) of approximately \$159,885 per annum.

FINANCIAL CONSIDERATIONS

To ensure a full understanding of the operating cost of the MRF, further work has been undertaken on the business case for the project. This has included market testing and benchmarking with other local government authorities to better understand how the facility would be constructed and operate.

Key findings from this further analysis are:

1. The non-discounted capital cost estimate for project delivery is \$8.44 M (excluding contingency). This is broadly in line with the original estimate of \$8.7M, noting Council's contribution of \$2.38 M and the \$6.06M BBRF grant.
2. The introduction of the MRF is estimated to increase the garbage service charge by \$82 per annum. This is based on a once weekly 240 L red waste bin service and once fortnightly 240 L yellow recycling bin service.

OFFICER'S REPORT

3. If Council opts to continue the twice weekly 240 L red bin service and introduce the 240 L yellow bin recycling service, operational expenditure will increase by an additional \$234,000 per annum. This is equivalent to an additional \$36 per rateable property.
4. In year one (1), the net cost to operate the MRF is estimated at \$578,782.
5. Council is located within the levy zone for the Queensland waste levy. Domestic waste is currently subsidized by 100 % and this will be reviewed from June 2022. The introduction of a MRF would divert approximately 1,881 tonnes from landfill, reducing Council's levy liability by approximately \$159,885 if the State waste levy is applied to domestic waste.
6. It must be noted that if the refund is totally withdrawn from all domestic waste in 2022, even with the implementation of the MRF, Council will still have an additional cost of \$720,000. The State has not indicated whether the advance payment will be withdrawn however the industry expectation is that there will be a phased withdrawal of the refund.
7. Two (2) of the EOI respondents indicated that an additional process line could be added to the MRF to process commercial and industrial(C&I) or construction and demolition(C&D) waste. This would cost an additional \$ 0.75 - \$ 1.25M in capital. The C&D waste to landfill is less than 1,500 tonnes per annum and C&I waste to landfill is approximately 7,500 tonnes per annum. Additional work is required to investigate this option.

The capital cost of \$8.44 M (excluding contingency) will be met by the Federal funding of \$6.06M from the BBRF and \$2.38M from Council noting that Council is required to contribute a minimum of 25% (\$2.02M) to the project. Excluding the works associated with processing the construction and demolition waste, it needs to be assumed that the cost of the project will be at least \$8.7M.

Currently there is a waste levy in place for domestic waste which is refunded straight back to Council. The current refund arrangement is in place for domestic waste through to 2022 and is seen as a way to lessen the immediate impact of the introduction of the levy on local government. It is difficult to see the arrangement continuing beyond 2022 with the likely scenarios being either the phased or total withdrawal of the refund. If the refund ceases, this would be at an additional cost of at least \$160,000 to Council if the MRF did not proceed and would mitigate the estimated annual operating cost of \$578,000.

The depreciation of the MRF facility is expected to be in the order of \$200,000 per year. As indicated above, the expenditure of an additional \$0.75-1.25M would enable C&D waste or C&I waste to be processed. Assuming Council could recover 2000 tonnes per annum from these waste streams, this would result in a saving of \$170,000 per annum in landfill levy payments representing a payback period of around 6 years. It is proposed to explore this further as part of the design phase and report back to council.

It would be envisaged that following the removal of the refund, Council would have the opportunity to apply for grants funded by the levy to improve the recycling effort.

It is not unreasonable to suggest that given the mechanisms put in place by the State and the fact that the Federal Government is now providing funds to improve recycling, that the viability of recycling will improve through better commodity prices and improvements to processing methods as well as the development of more viable end uses for materials collected.

Council in seeking further assistance for recycling in the future needs to stress to the other levels of government, the significant disadvantage Council has by virtue of its relative isolation. Every other Council that is required to pay the landfill levy has far greater economies of scale and/or are closer to existing MRFs. Council in order to meet community expectations and to achieve Federal and State waste minimisation objectives faces significant logistical and financial hurdles as compared to other Councils that are required to pay the levy.

OFFICER'S REPORT

OPERATIONAL CONSIDERATIONS

The costings have been undertaken based on a once-a-week garbage collection and a fortnightly recycling collection.

Council currently offers a twice weekly garbage collection via a 240-litre bin. By national standards this is an extremely high and almost unheard-of level of service in terms of frequency.

The universally accepted approach nationally and one found to work is a garbage collection once a week with a 240-litre bin though some Councils give residents the option of a smaller bin at a lower cost.

Whilst concerns have been raised regarding the impact of heat on bin contents, it would seem this has been able to be managed by residents in locations such as Darwin, Broome, Cairns and Alice Springs where the service is once a week. Furthermore, most parts of Australia experience periods of high temperatures over the summer months. In terms of bin capacity, a reasonable volume may transfer from the garbage bin to the recycling bin.

Council has the option of continuing the twice weekly collection however this would be at a cost of \$234,000 per annum. This additional cost needs to be considered against the fact that almost the rest of Australia manages with a once weekly collection. Consideration could be given to providing an additional bin for a charge if residents needed the additional capacity. Providing a second collection a week for an additional charge would be an option however the collection process would be very inefficient and expensive.

PUBLIC CONSULTATION

The funding Council has been successful in attracting to establish a kerbside collection service will result in a significant change to Councils kerbside waste management practices.

The changes include moving to a once-a-week collection, the provision of new recycling services, and an increase in Council's waste minimisation costs. The changes are driven by community expectations as well as the implementation of waste minimisation strategies by both the Federal and State governments.

It is important to clearly convey the changes to the community and seek feedback on how Council is proposing to roll out the new service.

CONCLUSION

Council has received \$6.06M from the BBRF to assist in introducing kerbside recycling. This will need to be matched by approximately \$2.38M of Council capital funding to implement the project.

Reflecting operational practices across Australia and to minimise the cost impact, it is proposed to introduce a fortnightly kerbside recycling service together with a weekly garbage collection service.

The operational cost of the MRF will be approximately \$580,000 per year or \$82 per property. If the State Government withdraws the landfill levy refund in 2022, the MRF will save Council approximately \$160,000 per year. Sorting C&D or C&I in the facility could provide significant further savings and this will be investigated during the design phase.

February 2021

ITEM 12.1

Executive Summary

A total of 1,982 Telephone Calls were answered in February at Mount Isa City Council - Customer Service Call Centre, with a majority of calls referring to missed bin collections, broken bins, Animal Management and Water and Sewer - water leak matters.

Customer telephone calls averaged 99 per day during February.

Customer requests for February (543) were recorded in iCasework across all Council Departments – the top four (4) being:

1. 128 Local Laws – Animal Management issues
2. 119 Water and Sewer issues
3. 57 Waste Management issues
4. 61 Revenue Department - property transfers and concealed water leak issues

Of the 543 cases in February, 408 have been closed leaving 135 remaining open as of 29 February, with further action required.

Year-to-date* customer requests (1,079) were recorded in iCasework with 135 currently open.

Total open cases in iCaseworks are 667 of which 532 were carried over from 2020 (01/01/2020 to 31/12/2020).

**Year-to-date – commenced 1 January 2021.*

ITEM 12.2

EXECUTIVE SUMMARY

In accordance with the requirements of the Local Government Regulation, Council presents a report on the financial operations for the year to date.

The February year to date financial results is an overall surplus of \$0.6M comprising an operating deficit of \$4.523M and capital grants received of \$5.122M.

VARIANCES AND ITEMS OF SIGNIFICANCE

In accordance with Section 204 of the *Local Government Regulation 2012*, a financial report summarising Council's actual performance against budgeted performance must be provided to Council.

Revenue and Expenditure

Developers Contributions	0	0	3	5	-%
TOTAL	(1,585)	600	8,963	13,444	

Note – February 2020 results have been included as a comparative.

Operating Revenue At this stage of the year MICC is reporting 58% of operating revenues with 67% of the year gone. The improvement in this ratio is due to a larger than expected dividend from the Mount Isa Water Board via Queensland Treasury. MICC has asked for the rationale behind it to assist in future planning but as at the time of writing we cannot shed any further light on this matter. It is expected that contract work and other revenue will not meet the original budget forecast. Financial Assistance Grants for 2020/21 were 50% advance funded in the previous financial year and this is expected to continue which will rectify the FAG portion of grant funding in May or June (last year this was \$3.5M).

Operating Expenses Operating expenses are favourable overall to budget for the year to date. Most service areas are aligning with budget. Employment expenses have risen as contractor expenses have declined. Recruitment continues for the revised corporate structure. MICC did not experience any significant flood events during the Wet season which has decreased revenue and meant that standing costs have been expended elsewhere. The midyear budget review will determine further budget requirements for the remainder of the year, the expectation is that costs will be substantially less than the \$69.9M originally budgeted.

CORPORATE & FINANCIAL SERVICES MONTHLY REPORT

Submitted by Stephen Richardson – Acting Manager Corporate & Financial Services
MagiQ Folder ID: 18807

Operating Deficit The original budget operating deficit was \$2.656M. A revision has been prepared and will be the subject of a separate paper. A small operating surplus is forecast for the current year.

Capital Grants Capital expenditure remains significantly below projections; however, this is always low in January.

TOTAL	12,112	4,051	29,408	14%

Note – February 2020 results have been included as a comparative.

The outlook for the full year will be presented to Council as part of the mid-year review. Work in progress will be capitalised as the projects are completed. The key issue for MICC will be the amount of expenditure on the roading programme.

February 5 – Our City of Opportunity campaign has a bright new look! – 18.2k people reached

Mount Isa City Council
 Published by Lyndsay Jameson · 5 February at 15:07 · 🌐

◆ Our City of Opportunity campaign has a bright new look! ◆

We have put together some beautiful and exciting shots showcasing life, fun, sport and recreation in the Mount Isa region and are pleased to be able to show you the final product.

The new video features footage of the recently-renovated Riversleigh Fossil Centre at Outback at Isa, as well as Lake Moondarra, local sporting clubs, local Indigenous sisters and artists Cungelella Art, and recreational activities such as horseback riding, camping and dirtbike riding.

A 3-minute, documentary-style version is to come and will be used in the future for regional recruitment, liveability and tourism purposes.

February 24 – Water Disruption Notice: Townview – 5k people reached

Mount Isa City Council
Published by Maddie Marshall [?] · 4d

WATER DISRUPTION NOTICE: Townview

Council wishes to advise that a planned water shutdown affecting a large part of Townview will be conducted on Saturday, 27 February 2021, between the hours of 8.30 a.m. and 3.00 p.m. A letter has been distributed today to all affected properties.

This water shutdown is required to replace multiple faulty sluice valves in the water reticulation system.

The replacement of these valves will enable more efficient and localised isolation o... See more

Community Development:

Regional Arts Development Fund:

Round 1 of RADF was formally awarded to Mount Isa Police, who will construct a mini yarning circle in front of the police station to encourage a safe and culturally appropriate space to share information.

Example Yarning Circle

Additionally, several Council initiated projects are in planning, with design concepts currently being developed.

Projects include:

- a large 3D “I ♥ ISA” sign for tourism
- Artwork on Ergon transformer boxes in CBD area
- A mural on Dormant Ergon Substation Building Railway Ave
- Markham Valley Rd Median Beautification Project

Round 2 of RADF opened 15 February 2021 and closes 17 March 2021.

North West Motorsports Park:

Council is currently doing the considerable leg work to secure the land for this project and undertake early planning work.

An internal meeting of the North West Motorsports Park Committee was held on 21 May 2020.

Phase one includes the following:

- Land agreements and clearances
- Environmental Impact Study

- Motor Sports Groups and stakeholder consultation
- Concept design with a range of options
- Business Case and Masterplan

Having these in place will help us secure funding for the construction of Phase 2 which is when an Advisory Committee will be established with Stakeholders to work on options and design for the facility and future administration of the facility.

A questionnaire was sent to those who registered and Expression of Interest to get a better understanding of their interests, associations and experience.

A survey report was provided to the Mayor and Deputy Mayor for their information. Of the 105 Registered EOIs, 36 completed the survey and of those 36, 20 were interested in being Advisory Committee Members. Below is an extract of the Survey Results with regards to Question 6:

Q6 Rate your top priorities for the North West Motorsports Park?

Comments:

Of the nine (9) Motorsports Park priorities offered, the top three were:

Answered: 36 Skipped: 0

1. Drag Racing with (19) votes for No. 1
2. Off Road with (7) votes for No. 1
3. Driver Training with (5) votes for No. 1

Principal Pedestrian Network (Draft):

Mount Isa City Council hosted two workshop sessions with TMR, Councillors and key stakeholders in November, to develop the draft Principal Pedestrian Network. This draft was then reviewed by Councils project working group and edited based on local knowledge and expanded to encompass the greater Mount Isa region including Camooweal.

A media release was issued mid-February with the draft PPN to be put out to the community for consultation for 6-8 weeks.

Community Grants and Sponsorship Program:

Round 2 of the Community Grants and Sponsorship Program opened on 1 February and closes 1 March 2021. With the easing of Covid-19 restrictions and a return to community events and sport, it is anticipated to see an increase in applications for both programs compared to Round 1.

Advertising of the program was conducted through radio media instead of newspaper media with The North West Star not returning to print.

COMMUNITY GRANTS & SPONSORSHIPS

ROUND 2

OPENS FEBRUARY 2021

Mount Isa City Council is pleased to announce that Round 2 of its community funding program will open from February 1 and closes on March 1, 2021. Applications should be received in full within these dates, with a decision to be made by the elected officials of Council.

There are two programs of assistance available from Council:

- Community Grants Program (up to \$5,000)
- Major Events Sponsorship Program

Local community groups and organisations with eligible projects or events which make positive contributions to the quality of life in the local government area of Mount Isa city are encouraged to apply for funding assistance.

Applicants are advised to visit www.mountisa.qld.gov.au/grants for all application forms and further information.

Release of new book on the geology of Northwest Queensland

'Rocks and Landscapes of Northwest Queensland'

This Society has recently published the above book, which is the first layperson's guide to the geological origins, mineralisation styles, landscape formation and scenery of this complex region.

The authors, Laurie Hutton and Ian Withnall, have spent many years mapping the region for the State Government, and now wish to make this information more accessible to the public. The new book should be of interest to a cross-section of local people as well as visitors. We are selling copies for the very affordable price of \$11.00 incl GST, plus postage.

We now enclose a complimentary copy of the book which we hope you will find useful.

We have also sent copies to your Library, and to the *Outback at Isa* information centre, which we hope will stock copies to sell to interested passing tourists.

C/o - Volunteering North Qld (VNQ), Townsville Queensland

13 January 2021

Dear Minister

RE: Support for the Regional Queensland Alliance for Volunteering

I write to bring your urgent attention to the plight of volunteering in our region.

The Australian Government currently provides a total of 18.8 Million between 2018 until June 2021 directly to Volunteer Support Services (VSSs) and Volunteer Referral Centres (VRCs), to support volunteering and Volunteer Involving Organisations (VIOs). Queensland has ten such organisations, most of them decentralised across regional Queensland.

As you know, the current funding model is under review.

One recommendation of the 2018 report on Volunteer Management Activities is for funding to be awarded to state peak bodies who would then develop, manage and deliver state and territory based approaches. This model would nullify the current funding arrangement the federal has with VSSs and VRCs.

We want to ensure good representation from regional Queensland in the distribution of the funds. We hold pressing concerns regarding the survival of our volunteers and VIOs as Queensland's peak volunteering body does not directly support our grass root local volunteers, nor does it specifically advocate on behalf of, or represent VRCs in our region.

Volunteering plays a critical role in building a strong and resilient community. Some have been hit harder than others in recent times through drought, floods and now COVID-19.

While the report recommends a centralised funding function likely to be in Brisbane, we seek representation specifically for regional needs.

We believe an Alliance supporting volunteering in regional Queensland would be of greater benefit and better value to represent our local needs.

This letter is to provide our support to the Regional Queensland Alliance for Volunteering and ask for the Alliance to have a seat on your federal advisory committee on volunteering.

The Alliance spokesperson is Townsville City Council Cr Margie Ryder. Margie has been recently appointed to a steering committee by The Hon. Coralee O'Rourke, Minister for Communities and Minister for Disability Services and Seniors, to work on the Action Plan for the State of Volunteering in Queensland.

From the Office of the Mayor
Cr Danielle Slade

Margie Ryder has also been in discussion with our Council over the past years in relation to regional grass roots Volunteer Conference in May 2020, which we supported prior to its cancellation due to the COVID pandemic.

As current DSS funding ends in June 2021, we trust you will understand the urgency of our request. We look forward to your response.

Yours faithfully

Mayor Danielle Slade

MOUNT ISA QLD 4825

Dear Mayor Slade

Thank you for your letter of 13 January 2021 to the Minister for Families and Social Services, Senator the Hon Anne Ruston, concerning volunteering in Queensland. The Minister has asked me to reply to you on her behalf.

The Australian Government recognises the vital contribution of volunteers in strengthening and enriching our communities, particularly in these challenging times with bushfires, floods and the COVID-19 pandemic. This recognition is reflected in the funding of programs such as the Volunteer Management Activity (VMA), which provides funding to encourage participation in volunteering.

The volunteering landscape has and is undergoing major changes with an ageing population, an increase in spontaneous volunteering, and increasing use of online technology. During the past year, many volunteer support services have successfully adapted their operations because of the COVID-19 pandemic. This has presented new opportunities to change the way we support volunteers and volunteer involving organisations, into the future. With these changes, it is critical that the Australian Government's investment in volunteering is well-targeted, reflects best practice, is designed to address barriers, and is aligned to a head of power in the Commonwealth of Australia's Constitution.

On 12 July 2017, all VMA-funded organisations were advised of this by the then Minister for Social Services, the Hon Christian Porter MP. The letter also emphasised that the VMA should not be considered a guaranteed source of ongoing funding. Minister Porter's letter encouraged VMA-funded organisations to use the current funding period (1 January 2018–30 June 2021) as an opportunity to transition to more sustainable business models.

In order to assess the appropriateness, effectiveness, and efficiency of the VMA, the Department of Social Services (the department) commissioned an independent review, conducted by Matthews Pegg Consulting in 2018, to inform the future of the VMA program. The redesign has been informed by insights from the outcomes of the review and stakeholder consultations held in March 2020.

Under the new design, VMA funding of up to \$33.479 million over five years is to be distributed through state and territory volunteering peak bodies from 1 July 2021. This funding is to support those aspects of volunteer management for which the Government has constitutional authority:

- The delivery of capacity-building services for volunteer involving organisations online, including the development of a national volunteer management online platform/s and resources to support this; and
- Support for diversity and inclusion, aimed at improving accessibility of volunteering opportunities for identified priority groups and reducing barriers for these groups.

I can assure you that the Government has prioritised regional and rural areas of Australia in the redesigned VMA. The department will work with the volunteering peak bodies to ensure that the interests and needs particular to regional and rural areas are considered in the development of their implementation strategies.

Current VMA providers have been informed of the redesign, and the department has undertaken a series of stakeholder consultations that will assist with informing the implementation of the new program.

Thank you for your interest in the Volunteering Management Activity program.

Yours sincerely

Mr David Keenan
Acting Chief Executive Officer
Mount Isa City Council
david.keenan@mountisa.qld.gov.au

Dear Mr Keenan

As you may be aware, the Australian Parliament passed the *Australia's Foreign Relations (State and Territory Arrangements) Act 2020* (the Act) on 10 December 2020.

The Act creates the Australian Government's Foreign Arrangements Scheme (the scheme) that:

- imposes new obligations on state entities to notify the Australian Government of existing arrangements with foreign government entities
- requires, from 10 March 2021, compliance with an approval process for 'core' foreign arrangements and a notification process for 'non-core' foreign arrangements
- establishes a public register to provide transparency about foreign arrangements.

Agreements between local governments and foreign government entities are captured by the Act as 'non-core foreign arrangements'. Under the Act, a foreign government entity includes:

- a foreign country
- its national government or a department or agency of that national government
- sub-national governments in foreign countries (for example, local councils)
- departments and agencies of sub-national governments
- authorities established for a public purpose by a foreign country, its national government or sub-national government
- universities without institutional autonomy
- other entities as prescribed.

Foreign arrangements may include, for example, a memorandum of understanding on trade or tourism or an arrangement for a sister city relationship. Subsidiary arrangements, including contracts to implement foreign arrangements may also be captured.

Queensland 4002 Australia
Telephone 13 QGOV (13 74 68)
Website www.dsdilgp.qld.gov.au
ABN 25 166 523 889

I recommend you consider the Act carefully and ensure all obligations are met. Key considerations for local governments include:

- from 10 March 2021, the Act requires all local governments to notify the Minister for Foreign Affairs of a proposal to enter a non-core foreign arrangement. If the arrangement is entered into, the Minister must also be notified about the arrangement within 14 days.
- The Act also requires all local governments to provide a comprehensive list to the Department of Foreign Affairs and Trade (DFAT) of all existing foreign arrangements (including non-binding arrangements) by 10 June 2021.
- Registration of an arrangement is made via DFAT's online portal accessible at www.foreignarrangements.gov.au.

Please also refer to the above website for information including links to the Act, the rules, FAQs and information sheets on the scheme.

If you have any uncertainties regarding the type of arrangements captured by the Act, the Foreign Arrangements Taskforce is available to support local governments to comply with the requirements of the scheme. Enquiries can be directed by email to foreignarrangements@dfat.gov.au.

The Department of State Development, Infrastructure, Local Government and Planning (DSDILGP) also has information on its website which will link you to DFAT's information at www.dlgrma.qld.gov.au by clicking on (1) Local government, (2) Governance, and (3) Laws.

Ultimately, responsibility rests with each local government to ensure the impact of the Australian Government's legislation on its current and future foreign arrangements is understood. Therefore, if you have any doubt, I recommend you consult with DFAT and if appropriate, obtain independent legal advice.

If you require any further information, please contact Mr Max Barrie, Director, Local Government Policy in DSDILGP, by telephone on (07) 3452 6704 or by email at max.barrie@dlgrma.qld.gov.au, who will be pleased to assist.

Dear Cr Slade,

RE: Breakaway Creek walkway proposal

I write to formally raise with you the desire of various community members, including myself, for the development of public access and a walking track along Breakaway Creek.

This section of Mount Isa is highly visually appealing, as the home to many of our local flora and fauna, and in my view presents a great opportunity for the development of community-enhancing social and recreational infrastructure.

A building of a path along Breakaway Creek could be linked to the Tharrapatha Way, then all the way to Abel Smith Parade with further expansion possible.

Eventually it could lead through to the highway and up to Telstra Hill, essentially creating a walking/exercise circuit for Mount Isa locals and tourists alike to enjoy.

I feel pursuing this project is as timely as ever, having learned that Mount Isa City Council has received funding from the Department of Transport and Main Roads to deliver a pilot program to establish a walking/pedestrian network in the city.

I would be interested to hear yours, and your fellow councillors', views on this proposal and would be more than happy to meet at any time to discuss things further.

While this may be pre-emptive, I would also like to make clear to you my willingness to assist Mount Isa City Council with any funding applications it may wish to make with regards to progressing the planning of this project.

MARRICKVILLE NSW 2204

Dear Minister,

On behalf of the Mount Isa City Council, I respectfully invite you to visit Mount Isa, the City of Opportunity to discuss the future of mining.

As you would be aware mining and associated industries dominate the employment mix for the Mount Isa region. There are over 4,000 direct employees in the mining sector with many other indirect jobs being created through mining related activity.

The mining sector appears to be going through a period of sustained growth, and for many companies it is difficult to recruit suitable staff that have relevant experience and qualifications. It is estimated that at Mount Isa Mines alone there are between 300-350 vacant positions.

I believe that the establishment of a tertiary education facility is vital to meet the needs of the existing mining workforce in Mount Isa and across the North West Minerals Province. Four years of studying a mining degree with access to arguably the nation's best mines and the opportunity to get on site experience, networking and mentorship. With Mount Isa Mines being 1klm from Mount Isa CBD, this would make these graduates the most sort after in the world.

It would support the aspirations of the youth in North West Queensland, who understand how important the mining industry is to Australia. It allows indigenous youth to take up university opportunities, who may not wish to leave their family support system. It would also stop many families moving away from Mount Isa and the North West to give their children access to universities, for most families it's cheaper to move the entire family to where the university is, then trying to pay on-campus living costs on top of their normal living expenses, and the extremely high costs of getting their children home for school holidays.

I look forward to the opportunity to welcome you to our city to discuss this with you further.

Dear Danielle and Councillors,

NWHHS Strategic Plan Review

The Board of North West Hospital and Health Service (NWHHS) is currently reviewing its Strategic Plan, prior to submission to the Department of Premier and Cabinet at the end of March 2021.

Consultation and engagement in the process is usually extensive and includes external bodies such as other health and research partners, community advisory groups, in addition to internal resources such as staff across the spectrum of the health service itself.

Councils, such as the Mount Isa Shire Council, are a key stakeholder in this process and I invite your councils participation in this review. The NWHHS Board will be seeking your view as to how you see health in your communities may look, not only now but over the next 5 - 7 years and beyond.

The review process commenced last month and will, as you would appreciate, has an extensive need for travel and alignment with your own availability, that of interested councillors, council's Chief Executive Officer, or any nominated representatives of your choosing.

This letter is by way of information only, a nominated person from the NWHHS will be in contact soon to seek in more detail, a mutually suitable time to meet with you.

Thank you for your time.

Yours sincerely,

Paul Woodhouse
Board Chair

About us

North West Hospital and Health Service delivers health services to the communities of North West Queensland, serving a population of around 32,000 people, across one regional hospital, two multipurpose health services, three remote hospitals, four primary health clinics and five community health centres.

Our vision

To be Queensland's leading Hospital and Health Service delivering excellence in remote healthcare to our patients.

Our purpose

To embrace change, to forge close partnerships, and to work closely with our communities to improve the health of people across North West Queensland.

Our opportunities

- Working with each of our communities to design health care specific to their needs
- Enhancing Information and Communication Technologies infrastructure – through Telehealth, Teledental, Telepharmacy and TeleCare (Palliative Care)
- Focusing on primary health care and prevention to reduce the burden of disease in the North West
- Increasing capacity in Renal, Cancer Care, Orthopaedics and Neonatal Services to enable patients to access services closer to home
- Attracting skilled and culturally capable staff who enjoy the challenges of rural and remote health provision

Our alignment with the Queensland Government's health strategy and objectives for the community

The North West Hospital and Health Service Strategic Plan acknowledges the 10-year strategy for Queensland's health system¹, the Government's objectives for the community², and the Minister for Health and Minister for Ambulance Services' responsibilities as outlined in the Ministerial Charter Letter³.

The North West Hospital and Health Service contributes to the Queensland Government's objectives to Give all our children a great start and Keep Queenslanders healthy by:

- Strengthening our public health system
- Providing responsive and integrated government services
- Supporting disadvantaged Queenslanders
- Improving health outcomes.

As part of achieving these objectives, we will respect, protect and promote human rights in our decision making.

¹ My Health, Queensland's Future: Advancing health 2026
² Our Future State: Advancing Queensland's Priorities
³ Ministerial Charter Letter dated 27 February 2018

Responding to risk

- Inability to improve healthcare outcomes due to fragmented funding arrangements and insufficient organisational capacity – establish and monitor formal partnership agreements such as the Lower Gulf Strategy
- Risk of patient harm due to failure of clinical governance systems or human error – Clinical Governance Framework in place with regular review of Risk Management system
- Inability to provide services due to severe weather events or during a pandemic – disaster management and pandemic plans in place
- Failure of ICT infrastructure – regular review of maintenance schedule and formalisation of agreement with eHealth Queensland for monitoring and management of non-enterprise ICT
- Inability to sustain service delivery due to failure to recruit and retain staff – recruitment and retention strategy in place, and tracking of vacancies and recruitment processes

Pathways to better health for our North West communities

Mr Paul Woodhouse
Board Chair
North West Hospital and Health Service
NWHHS.Chair@health.qld.gov.au

Dear Paul,

North West Hospital and Health Service (NWHHS)

Thank you for meeting with Council representatives on Monday 1 March and making Council aware of the review of the NWHHS Strategic Plan. Mount Isa City Council recognises the important role that the NWHHS plays in the local Mount Isa economy, but also the role it performs in the broader economy and well-being of residents.

As of 30 June 2019, the estimated resident population for Mount Isa (C) LGA was 18,595 persons. The proportion of the estimated resident population aged 65 years and over for Mount Isa was 7.9%, with the largest segment of the population aged 15 to 64. The median age for Mount Isa was 31.5 years, which is lower than the Queensland State average of 37.4.

From 2016 to 2041, the population for Mount Isa is projected to decrease from 19,332 persons to 18,677 persons, however the impact of mining cannot be underestimated in relation to temporary and long terms population fluctuations. At present Mount Isa is experiencing a very constrained housing market for both renters and purchasers. This is often an indicator that the population is increasing between census periods. A similar trend appears to be underway in Cloncurry.

In 2016, the percentage of Aboriginal peoples and/or Torres Strait Islander peoples in Mount Isa was 16.9% or 3,149 persons.

The number of registered births in 2019 to mothers with a usual residence in Mount Isa was 413 births, which is a relatively high percentage in comparison to other areas.

In Mount Isa approximately 12,514 persons usually resided in the same address as they did one year ago, however 3,280 persons (or 17.9%) usually resided in a different address one year ago. Furthermore, the percentage of persons in Mount Isa with a different address five years ago was 43.5%. This very high level of transient people is closely linked to the opportunities in the mining sector. This level of significant movement in size of the population makes it challenging to plan for future services and meet the needs of the existing community.

The unemployment rate in Mount Isa at September quarter 2020 was 7.5%, which is higher than the Queensland average of 6.8%. This means that there were 890 people seeking employment. Whilst the unemployment rate is relatively high, feedback from the Chamber of Commerce and larger employers indicates that there are many roles that are difficult to fill, with many employers choosing to allow people to work remotely or contracting expertise into the region.

The top five industry subdivisions of employment for Mount Isa are:

1. Metal Ore Mining (28.6%)
2. Preschool and School Education (7.2%)
3. Hospitals (4.5%)
4. Food and Beverage Services (4.0%)
5. Public Administration (3.8%)

In 2020 approximately 30.6% of employed persons worked in Mining industry, whilst 11.1% of employed persons worked in Health Care and Social assistance industry. In 2017 employment in the Healthcare and Social Assistance sector represented 9.3% of the workforce, behind Mining at 31%, but in front of Retail (8.1%), Education and Training (6.9%) and Construction at (5.7%).

It is likely that the number of people employed in Healthcare and Social Assistance has increased substantially over the past four years, as the community ages and the size of the population of increases as a result of increased mining activity. Of concern is the large number of vacancies that exist for health and medical professionals in the Mount Isa region. Council is also experiencing similar challenges in regard to attracting and retaining staff. Anecdotally, it is suggested that there are over 3,000 vacancies for health and medical professionals across the State. Therefore it is likely Mount Isa is competing with other regions that may have more modern facilities or lifestyle options. For Mount Isa to be competitive in attracting health and medical professionals it will be important that the most modern treatment or research facilities, are presented to the sector to ensure that people consider the Mount Isa Region as a destination for employment.

At present the health and medical facilities and infrastructure are not world class. The location of the current hospital means that it is constrained in relation to how and where it could potentially expand. Whilst there may be the opportunity for a further level to be constructed this option is really only seen as a temporary solution and does not deal with other factors such as service delivery for allied health organisations or car parking. It is also noted that this upward expansion would create significant disruption in the delivery of existing services over an extended period of time.

It is noted that many of the treatment areas cannot cater for the existing services that are delivered from the hospital and surrounds, such as renal treatment. It is also noted that there is limited space available for visiting specialists, which can act as a deterrent for those specialists to coming to Mount Isa. Additionally, it would appear that the number of people using services in Mount Isa are coming from the broader region and have expectations that they will be able to access services without delay or long waiting times.

As part of the review of the Strategic Plan, Mount Isa City Council was requested to provide feedback on how it sees health in the Mount Isa communities at present and over the next 5-7 years and beyond.

In regard to how Council sees health in the community at present the following feedback is provided,

- More education and services are required in relation to smoking, salt, sugar, obesity, mental health and alcohol.
- More access to specialists is required to meet the needs of the community.
- Waiting times need to be reduced.
- There is a preference for more surgical services to be delivered in Mount Isa, rather than Townsville and Brisbane. (This would reduce costs significantly)
- In the short-term consideration should be given to purchasing other property from which to deliver services, especially renal treatments.
- NWHHSW should continue to work with Mount Isa City Council to create packages that will attract medical and health professionals to the region.
- All public sector agencies will continue to deal with the challenges associated with COVID-19, with leadership from the Department of Health and NWHHS
- Funding should be made available as soon as possible for the commencement of a business plan that will determine whether to upgrade the existing hospital or develop a greenfield site.

In regard to how Council sees health in the community over the next 5-7 years and beyond the following feedback is provided,

- It is anticipated that a detailed business plan will be completed within the next 2-3 years and this will provide direction as to whether the existing facility is upgraded or a greenfield development is the preferred option.
- Council would prefer to see construction occur as soon as possible as the direct and indirect economic benefits from the construction of the facility would be significant.
- Council believes that a new facility would attract medical and health professionals and potentially act as a catalyst for new funding in research and development.
- It is envisaged that a new facility would reduce travel and therefore reduce expenditure.
- A new facility will strengthen partnerships with the tertiary sector.
- It is hoped that effective educational campaigns will be delivered to the community to create a healthier community.
- It is predicted that there will continue to be an increased reliance on technology and it will be important that the medical sector has access to the required levels of connectivity.
- Consideration is to be given to supporting people remain at home as long as possible.

Mount Isa City Council believes that the State Government should consider funding the development of a business plan for the future of the hospital sooner rather than later. Council acknowledges the great work undertaken by the North West Hospital and Health Service but believes that this can only continue through the development of the business plan which will determine the future of the hospital. Council believes that a future upgraded or greenfield hospital will deliver new and expanded health care services to the region to cater for its growing population, provide access to the latest medical technologies, create an environment that promotes health and wellbeing.

OFFICER'S REPORT

ITEM 13.4

TO The Mayor, Deputy Mayor and Councillors
OFFICER Corporate Governance Coordinator
AGENDA 17 March 2021 Council Ordinary Meeting
FOLDER ID #133189

SUBJECT Updated Register of Delegations – Council to CEO
LOCATION N/A

EXECUTIVE SUMMARY

Pursuant to s257(1)(b) of the *Local Government Act 2009* a local government may, by resolution, delegate a power under this Act or another Act to the chief executive officer. This Register of Delegations – Council to CEO lists these specific powers.

OFFICER'S RECOMMENDATION

THAT Council adopt the updated Register of Delegations – Council to CEO V3

Or

THAT Council do not adopt the updated Register of Delegations – Council to CEO V3

BUDGET AND RESOURCE IMPLICATIONS

N/A

BACKGROUND

To allow the mayor and councillors to focus on strategic issues and the reduce the amount of time to address issues that can be effectively handled at an operational level, Council may delegate many decision-making powers to the Chief Executive Officer. This review has only a few changes due to legislation amendments with the introduction of the following registers:

- *Biosecurity Regulation 2016*
- *Nature Conservation (Protected Areas Management) Regulation 2017*
- *Standard Plumbing and Drainage Regulation 2003*
- *Transport Operations (Road Use Management-Vehicle Registration) Regulation 2010*
- *Water Fluoridation Regulation 2020*

LINK TO CORPORATE PLAN

N/A

CONSULTATION (Internal and External)

Consultation has taken place with the Chief Executive Officer.

LEGAL CONSIDERATIONS

All suggested changes have been recommended by King and Company Solicitors through the Local Government of Queensland's Delegation Register Service.

Council is required to review the Register of Delegations – Council to CEO annually, pursuant to Pursuant to s257(5) of the *Local Government Act 2009*.

OFFICER'S REPORT

POLICY IMPLICATIONS

Any changes to legislated decision-making powers within the organisation may affect a number of Council policies, employees will need to ensure changes to the Register of Delegations are appropriately applied to their departmental policies and procedures, to ensure the matter is referred to the correct decision maker.

RISK IMPLICATIONS

The only risk with not adopting these proposed changes is that Council will not be abreast of updated legislation.

HUMAN RIGHTS CONSIDERATIONS

There are no evidence of any human rights violations with the adoption of this updated register.

1. Introduction

The Mount Isa City Council (Council) welcomes this opportunity to make a submission to the Queensland Parliament's Legal Affairs and Safety Committee on the *Youth Justice and Other Legislations Bill 2021*.

Council is pleased to see the Queensland Government's renewed focus on youth crime as it is a continuing concern within the region. Council acknowledges that the majority of youth crime can be attributed to a relatively small number of offenders. It should be noted that this small number of offenders should not tarnish or take away from the achievements of the majority of young people that are actively involved in the community through sporting groups, schools or service organisations. The vast majority of young people in Mount Isa are not involved in any type of inappropriate behaviour or illegal activities.

Council notes that there are however that the patterns of behaviour that are displayed on a regular basis by a small group of young people in Mount Isa. The issues include but are not limited to the following:

- Breaking and entering
- Larceny
- Hooning
- Vandalism
- Assault and other violent crimes
- Drug and alcohol related crimes

Despite local government holding no jurisdiction per se in relation to crime, Mount Isa City Council acknowledges the community's repeated concerns and in the past Council has been actively facilitating stakeholder meetings in relation to the safety of vulnerable community members and youth crime. It is noted that the total number of offences that occurred in January 2021 was 861.

2. Effective Response Needed

Whilst the amendments outlined within the *Youth Justice and Other Legislation Amendment Bill 2021* make steps to achieve policy objectives, the proposed actions may not adequately address youth crime issues in Mount Isa.

Council would like to highlight the following issues to the Committee. These issues may be unique to Mount Isa, although it is highly likely that these issues will be experienced by other regional cities.

- Youth Agency Audit
 - Council believes that there are issues around the number of services, and how they do or do not work together. This issue has been a long-time discussion point in Mount Isa. It would appear that there are a number of agencies involved in dealing with youth, however the actions of these different agencies do not appear to be coordinated in an effective manner or appropriately targeted at reoccurring issues.

- There appears to be competition for resources and funding between the different agencies which results in different agencies being responsible for different services.
- Considerable budgets are allocated to these services with limited accountability and key performance indicators. Council would be keen to understand the current and future funding to be allocated to manage youth crime in the region.
- Inaccessibility of Youth Services
 - The issue of child safety and youth crime is not limited to business hours and, unfortunately many of the funded services within the City of Mount Isa only operate during normal business hours.
 - Afterhours services would be more appropriately deal with issues created by some of the youth of Mount Isa and would potentially mitigate concerns for vulnerable community members.
- Role of Mount Isa City Council
 - It should be noted that Mount Isa City Council does not have a Youth Strategy, nor does Council have any dedicated youth resources in the form of youth workers.
 - Council would welcome funding to support a Youth Officer.
 - Council perhaps needs to do more in relation to engaging with youth to better understand the needs of youth, especially when designing and construction infrastructure or spaces that will be used by youth, such as basketball courts, skate ramps and active play areas.
 - Mount Isa City Council has a role to play in working with other groups to improve safety in the City. This would include groups such as Crime Stoppers and Safety Committees.
 - Council has a responsibility to reduce crime through appropriate urban design, ensuring that new buildings and structures do not create places where residents do not feel safe or there is the opportunity for people to congregate without appropriate surveillance.
 - The City of Mount Isa will continue to apply for funding to augment the existing CCTV network to ensure that the community has an added sense of safety when moving about the City. Council will work closely with the community and the Queensland Police to place new cameras in the most appropriate locations, including youth crime hotspots.
- Juvenile Detention Centre
 - Council would welcome the opportunity to discuss the potential for the planning and construction of a Juvenile Detention Centre. Mount Isa has the necessary infrastructure such as the courts, medical facilities, youth services and TAFE to support such a facility.
 - The construction of a Youth Detention Centre would also create employment opportunities through its construction and ongoing operations.
 - Council also believes that a Youth Detention Centre could also be potentially linked to employment opportunities for the young people, providing them with a “home” base to transition into employment.
 - A further consideration may be the establishment of a youth training facility that would be located on the outskirts of Mount Isa. This facility would potentially equip young people with farming skills that could be transferred into the agricultural industry in the region.

- Mentoring and Education
 - Council submits that there are opportunities to further explore the potential of formalised and informal mentoring. Council believes that there are motivated people in the community that would be prepared to mentor young people if the opportunity was provided.
 - Additionally, Council believes that more monitoring of children should take place throughout primary schools to ensure that children are growing up in a safe and secure environment, where positive role models are easily identifiable.

- Parental Responsibilities
 - Council submits that there needs to more education provided or made available to parents in relation to dealing with disengaged youth.
 - Youth programs currently existing could be assessed for quality outcomes and those that are showing deficiencies have the funds diverted to interventional programs that address parental responsibility and accountability.
 - Early intervention and support for parents who are struggling with their children can often improve the chances for a family to avoid issues related to youth crime.
 - Providing resources and training to parents may change the way parents guide their decision-making processes and make children aware of their responsibilities as a young adult.
 - It may that through training and networking with other parents that families are better equipped to manage the behaviours of their children.
 - Council submits that there will be continual youth recidivism experiences if the loop of parent responsibility and accountability for this youth cohort is not addressed in a meaningful way. Enforcing court ordered formal training for parents of repeat offending youth could address accountability and responsibility issue.

- School Attendance
 - It is submitted that young people that attend school on a regular basis are less likely to be involved in criminal activity. Council suggests that every effort should be made to get young people to school and sustain their attendance. If this means supporting young people with uniforms, breakfast and lunch, sporting apparel or financial support this should be considered.
 - Educating a child is a 14-year project and it is important to identify when intervention is needed to support the child and parent go through this journey.
 - Education and interventional work aimed at parents of repeat truant young could lead to a significant increase in school participation.

- Bail
 - Council is not responsible for or involved in any aspect of the bail decision making process. Council does not believe that bail should be offered to repeat offenders, rather age-appropriate facilities should be identified to accommodate offenders. It is noted that in some circumstances it is not safe for young offenders to return home. It is also noted that some offenders will return to the street if bail is granted.

3. Conclusion

Mount Isa City Council will continue to work with the different agencies throughout the region to reduce crime and increase safety. Issues related to youth crime and community safety are unlikely to be resolved in the short term, however through a collective and coordinated approach significant sustained change can be implemented.

It is worth noting that children and youth are the future and any actions or initiatives undertaken now will be reflected in the behaviour of adults in the future and potentially their children.

Council welcomes the review being undertaken by the Committee and looks forward to the recommendations.
