## CURRENCY PERIOD FOR THE APPROVAL (Section 85 of the Planning Act 2016)

Six (6) years from the date of the Decision Notice.

## STATEMENT OF REASONS

### 1. Reasons for the Decision

The reasons for this decision are:

The proposed Material Change of Use for a Telecommunications Tower and associated infrastructure at 13 Richardson Road, Mount Isa, has been assessed against the below Assessment Benchmarks found in the *State Planning Policy, North West Regional Plan* and *City of Mount Isa Planning Scheme 2020*.

Assessment has concluded that the proposal is consistent with the applicable benchmarks, subject to compliance with a number of conditions of approval, and the proposal has therefore been approved in full subject to conditions.

### 2. Assessment Benchmarks

The following are the benchmarks applying for this development:

Benchmarks applying for the development	Benchmark reference
<i>State Interest Policies and Assessment Benchmarks</i>	<i>Part E, State Planning Policy</i>
<i>Regional Strategies and Policies</i>	<i>Part E, North West Regional Plan</i>
<i>Medium Impact Industry Zone Code</i>	<i>Part 6.6.2, City of Mount Isa Planning Scheme 2020</i>
<i>Airport Environs Overlay Code</i>	<i>Part 8.2.1, City of Mount Isa Planning Scheme 2020</i>
<i>Biodiversity Overlay Code</i>	<i>Part 8.2.2, City of Mount Isa Planning Scheme 2020</i>
<i>Bushfire Hazard Overlay</i>	<i>Part 8.2.3, City of Mount Isa Planning Scheme 2020</i>
<i>Flood Hazard Overlay Code</i>	<i>Part 8.2.5, City of Mount Isa Planning Scheme 2020</i>
<i>Major Infrastructure Overlay Code</i>	<i>Part 8.2.8, City of Mount Isa Planning Scheme 2020</i>
<i>Wetlands and Waterway Corridors Overlay Code</i>	<i>Part 8.2.10, City of Mount Isa Planning Scheme 2020</i>

Benchmarks applying for the development	Benchmark reference
<i>Industry and Infrastructure Activities Code</i>	<i>Part 9.3.4, City of Mount Isa Planning Scheme 2020</i>
<i>Engineering Works and Services Code</i>	<i>Part 9.4.2, City of Mount Isa Planning Scheme 2020</i>
<i>Excavation and Filling Code</i>	<i>Part 9.4.3, City of Mount Isa Planning Scheme 2020</i>
<i>Landscaping Code</i>	<i>Part 9.4.5, City of Mount Isa Planning Scheme 2020</i>
<i>Parking, Access and Loading Code</i>	<i>Part 9.4.6, City of Mount Isa Planning Scheme 2020</i>

3. Compliance with Benchmarks

Benchmark reference	Reasons for the approval despite non-compliance with benchmark
Acceptable Outcome 5.1 <i>Part 9.3.4, City of Mount Isa Planning Scheme 2020</i>	While the proposed Telecommunications Tower will exceed the 10.0m maximum building height prescribed under the Acceptable Outcome (AO), it is noted the tower's height is necessary to ensure maximum signal coverage and effective operation of the facility. Given the tower's slender design, it is assessed that the structure will present minimal visual bulk to adjoining properties and will not compromise the amenity of the existing industrial area.
Acceptable Outcome 3.8 <i>Part 9.3.4, City of Mount Isa Planning Scheme 2020</i>	While the proposed compound fencing will exceed the 1.8m maximum height prescribed under AO 3.8 of the Code, considering the size of the compound area and the height of the Telecommunications Tower itself, it is considered the visual impacts of the additional fence height will be negligible. It is further assessed that any impacts associated with the fence height are balanced by the need to maintain security at the unmanned facility.
Acceptable Outcome 6.2 <i>Part 9.3.4, City of Mount Isa Planning Scheme 2020</i>	While the development proposes a chain-link fence to the northern property boundary instead of the solid boundary fencing prescribed by AO 6.2 of the Code, it should be noted that the proposed fencing is consistent with the existing chain-link fence along the rest of the property boundary. Additionally, it is noted that the proposed facility is an unmanned site which will result in minimal amenity impacts on the adjoining property to the north. Finally, given the height of the proposed tower, it is assessed that solid fencing, or the landscaping buffers prescribed under AO 10.3, will have negligible effecting in screening the facility.
Acceptable Outcome 10.3 <i>Part 9.3.4, City of Mount Isa Planning Scheme 2020</i>	
Acceptable Outcome 2.2 <i>Part 9.4.5, City of Mount Isa Planning Scheme 2020</i>	While the development does not propose to landscape 10% of the site as prescribed under the AO, it is noted that any landscaping to the compound area would be of negligible benefit to the streetscape given the distance between the compound and the street. Additionally, given the height of the tower, it is assessed that any onsite landscaping would have minimal effect in screening the facility. As such, it is assessed that the proposed development is acceptable despite the lack of landscaping.

4. Relevant matters for Impact Assessable Development

The following matters were given regard to or assessment carried out against, in undertaking the assessment of this development application.
